

**VILLAGE OF AUGUSTA
RESOLUTION #060302-01**

RESOLVED BY: The Council members of the Village of Augusta

WHEREAS, the Michigan Department of Transportation (MDOT) has indicated that the M-96 (Michigan Avenue) bridge over the canal will be replaced in 2007, and

WHEREAS, MDOT has indicated that if the water height remains the same, to meet current regulations, the new bridge will be higher than the current bridge, and

WHEREAS, MDOT has asked the Village of it would consider lowering the water height,

NOW THEREFORE BE IT RESOLVED that the Village of Augusta shall direct its staff to develop options for lowering the water two to four feet.
