At the HHW Center We Celebrate Earth Day Every Day!

In 1970, the first national Earth Day was held on April 22 and marked a change of social indifference to environmental pollution. Environmental celebrations and rallies held at universities across the nation like the University of Michigan, helped raise awareness for needed environmental regulations and policies.

Care for the environment and the need for regulation arose in part from fires that were occurring such as the one on the Rouge River in southeast Michigan in 1969. The unregulated dumping of pollution from industries along the river was killing wildlife and waste oil could be seen floating on the surface and soaking the shoreline. When a worker accidentally dropped an acetylene torch, the river caught fire and burned for seven (7) hours.

Earth Day celebrations and public outcry put awareness into action when the government created the Environmental Protection Agency at the end of 1970. Later in 1972, they passed the Clean Water Act.

Year around, the HHW Center gives residents and small businesses a place to take unwanted chemicals like pesticides, used oil and gasoline. Broken, outdated electronics are recycled to give old tech new life. We work to protect our homes and groundwater from unwanted hazardous materials on Earth Day and every day!

Total Kalamazoo County Cost 1st Quarter				\$ 151,028.93

* THIS IS NOT A BILL - INVOICE WILL BE MAILED OUT AT A LATER DATE *

Staffing Updates

In November 2025, Mike Walsh filled a vacancy at the HHW Center (pictured far left below). He has an extensive background in chemistry and has been a great addition to our team! Also pictured in the back row: Jennifer Kosak, Cindy Foster and Shane Peterson. In the front row (left to right): Ron Buell, Teresa Harwood and Andy Gray. We are all trained in Hazardous Waste Operations and Emergency Response for the types of hazardous materials we expect to see at the HHW Center. However, we are always prepared for anything that might show up at our doorstep!

1ST QUARTER COLLECTIONS 2026

ITEM(S)	POUNDS
ELECTRONICS FROM HOMEOWNERS	41,153
ELECTRONICS FROM PAYING CUSTOMERS	1,069
CHEMICAL WASTE FROM HOMEOWNERS *	17,790
CHEMICAL WASTE FROM PAYING CUSTOMERS *	5,894
ANTIFREEZE	3,500
