1.3 At-Will Employment

The City of Herreid recognizes that South Dakota is an at-will employment state, and this personnel policy is designed to maintain the at-will status of all employees. This handbook does not confer a contract of employment, and its contents are provided as guidelines for current policies, not as guarantees of continued employment or specific employment benefits. Changes to this handbook do not modify the at-will nature of employment. While disciplinary procedures may be followed, they do not modify the at-will nature of employment, and at-will employees do not have due process rights related to termination proceedings.

1.4 Applicability to Appointed and Elected Officials

All elected and appointed officials of the City of Herreid are expected to comply with applicable federal and state laws, including those governing discrimination, harassment, and retaliation. The Mayor shall be responsible for the administration of this personnel policy, which applies to all full-time City employees.

1.6 Smoke-Free Workplace

1.7 Employee Responsibility

It is the responsibility of each employee to read, understand, and comply with the policies outlined in this handbook including any updates communicated by the City. If any clarification is needed, employees should consult with their supervisors or the Human Resources Department. Failure to comply with these policies may result in disciplinary action, up to and including termination.

1.8 Conflict of Interest

The City of Herreid is committed to ensuring that all employees uphold the highest standards of ethical conduct. Employees are expected to perform their duties free from any actual or perceived conflicts of interest that could affect their judgment or objectivity.

Definition: A conflict of interest occurs when an employee's personal, financial, or other outside interests could improperly influence the performance of their official duties for the City of Herreid.

Guidelines:

Disclosure: Employees must disclose any actual, potential, or perceived conflicts of interest to the Mayor or Council. This includes situations where an employee, or a member of their immediate family, has a personal or financial interest in decisions or contracts made by the City of Herreid.

Recusal: Employees should not participate in any discussions, decisions, or contracts where they, or their family members, may have a vested interest. If such a situation arises, the employee must recuse themselves to avoid any appearance of impropriety.

Outside Employment: Employees **MUST** notify the Mayor and Council of any outside employment to ensure there is no conflict with their official duties. Employees should not engage in any outside employment that conflicts with the interests of the City or impairs their ability to perform their job duties.

Gifts and Favors: Employees are prohibited from accepting any gifts, favors, or services from individuals or entities that do business with, or seek to influence, the City's decisions.

Enforcement: Failure to disclose a conflict of interest or engaging in behavior that constitutes a conflict may result in disciplinary action, up to and including termination of employment.

1.9 Grievance Procedures

The City of Herreid is committed to resolving workplace concerns in a prompt, fair, and transparent manner. Employees who feel they have been treated unfairly or have concerns about workplace conditions or violations of policy are encouraged to follow this procedure to ensure their concerns are heard and addressed.

Steps for Filing a Grievance:

- 1. **Informal Resolution:** Employees should first attempt to resolve issues by discussing them with their immediate supervisor (if applicable). If the matter can be resolved at this level, it may avoid the need for a formal grievance.
- 2. Formal Grievance Submission: If the issue is not resolved informally or involves individuals who the employee feels uncomfortable addressing directly, the employee may submit a formal written grievance. The grievance should outline the nature of the complaint, relevant facts, and the desired resolution. Employees are encouraged to file grievances within 30 days of the incident or awareness of the issue.
- 3. **Special Cases** Grievances Involving the Mayor or City Council: If the grievance concerns the Mayor or a City Council member, the employee may submit the formal grievance to the City Attorney. This ensures that the grievance is reviewed impartially and without conflict of interest.
- 4. Investigation and Review: The individual or committee reviewing the grievance will conduct a fair investigation by gathering relevant information and speaking with all parties involved. A written decision will be provided to the employee within a reasonable time frame, generally within 30 days of the grievance submission.
- 5. **Appeal Process:** If the employee is dissatisfied with the decision, they may appeal to the full City Council or a specially appointed review panel if the grievance involves Council members. The panel will consist of neutral individuals, and their decision will be final.

Confidentiality: All grievances will be handled confidentially, with information shared only as necessary to investigate and resolve the issue.

No Retaliation: Employees are protected from retaliation when filing a grievance in good faith. Any form of retaliation should be reported immediately and will be addressed separately under the disciplinary procedures.

1.10 Whistleblower Protection

The City of Herreid is committed to maintaining an ethical and transparent work environment. Employees are encouraged to report any suspected violations of law, fraud, waste, abuse of authority, or unethical conduct without fear of retaliation.

Reporting:

What to Report: Employees should report any activity they reasonably believe to be a violation of federal, state, or local law, fraudulent behavior, misuse of public funds or property, abuse of authority, or any other unethical conduct that may harm the City or its citizens.

How to Report: Employees may report concerns directly to their immediate supervisor, the Mayor, or a designated City Council member. If the concern involves these individuals or they fail to address the concern, employees may bring the issue directly to the full City Council or an external authority if necessary.

Confidentiality: All reports will be handled confidentially to the extent possible, and the identity of the whistleblower will be protected. Disclosures may only be made as necessary to investigate or address the concern.

Protection from Retaliation:

No Retaliation: The City of Herreid strictly prohibits retaliation against any employee who, in good faith, reports misconduct or unethical behavior. Retaliation may include termination, demotion, harassment, or any other form of adverse employment action.

Complaint Process: If an employee believes they have been retaliated against, they should report the retaliation to the Mayor or the City Council. Retaliation claims will be investigated promptly, and any form of retaliation will result in disciplinary action.

False Claims: Employees are protected when they report concerns in good faith. However, employees who knowingly make false claims or allegations may face disciplinary action.

1.11 Personnel Records

Personnel files are confidential and maintained by the Finance Officer. Files include employment history, performance reviews, and disciplinary records. Exceptions to this policy may be granted at the discretion of the City Council, based on individual circumstances and the best interests of the City.

2.2 Promotion and Transfer Policy

The City of Herreid values the growth and development of its employees. Therefore, employees already employed by the City shall be given first consideration for promotions or transfers when vacancies arise. However, this consideration does not guarantee an automatic promotion or transfer. Decisions will be based on merit, qualifications, and the needs of the City. All internal candidates must meet the qualifications for the position, and final decisions will be made in accordance with established hiring procedures.

2.3 Equal Opportunity Employment

The City of Herreid is an Equal Opportunity Employer, committed to ensuring fair treatment and equal employment opportunities for all individuals. It is a form of employee misconduct that undermines the integrity of the employment relationship. Employees who experience harassment are encouraged to report the issue to their supervisor. If the complaint involves the supervisor, employees should bring the matter to the attention of the City Council, where it will be addressed in an executive session. Prompt and appropriate action will be taken to address any valid complaints.

Either the City or the employee may terminate employment during this period without cause, notice, or due process. This at-will termination during the probationary period reflects the employee's status as being in a trial phase of employment.

During the probationary period, employees will accrue sick and vacation leave at the standard rate. Sick leave may be used as necessary, but employees are not eligible to use accrued vacation leave until the successful completion of the probationary period. Employees are entitled to observe paid holidays recognized by the City during this time.

3.2 Extension of Probationary Period

At the discretion of the City, the probationary period may be extended for an additional three months if further assessment is deemed necessary. 3.3 Certifications and Training

Certain positions may require employees to obtain certifications, licenses, or specific training as a condition of employment. These requirements will be clearly outlined during the hiring process. Employees are responsible for maintaining any certifications or licenses required for their position and must provide proof of certification to the City when requested. Employees may use annual leave or take unpaid leave in lieu of sick leave. Maternity leave is granted solely for childbirth and recovery and will not be extended for child-rearing purposes.

8.12 Jury Duty

Employees summoned for jury duty or subpoenaed to testify in court will receive their regular salary, less any compensation received from the court. Employees may also choose to use vacation time for jury duty, in which case they may keep the full compensation received from jury service.

8.13 Military Leave

Employees who are members of the military service must apply for a leave of absence from the Department Head before attending service school, annual field training, or any other required military service.

Employees have two options for managing their military leave:

- 1. **Use of Vacation Time**: Employees may use accumulated vacation time to take military leave with pay.
- 2. **Unpaid Leave of Absence**: Alternatively, employees may take a leave of absence without pay to preserve their accrued vacation time.

If the employee's military pay is less than their regular City salary, the City will pay the difference to ensure the employee receives equivalent compensation during their military service.

8.14 Leave Without Pay

Employees may request leave without pay in extenuating circumstances. Approval of such leave is at the sole discretion of the City Council and Mayor. Before leave without pay is granted, employees are required

to fully use any accrued vacation and/or comp time. During leave without pay, no additional leave or other benefits will accrue.

8.15 Flexibility

The governing board reserves the right to authorize flexible work hours within the standard 40-hour workweek when deemed appropriate or necessary. However, employees must adhere to the standard 40-hour workweek unless flex time or overtime has been specifically approved.

8.16 Extended Leave for Illness and Temporary Disability

Up to 6 months of unpaid leave may be granted after sick leave is exhausted, subject to FMLA eligibility if applicable.

9. Phone and Computer Usage Policy

9.1 Personal Phone Calls and Messaging

While personal phone calls and messaging (e.g., texting, WhatsApp, etc.) are not prohibited, their frequency, duration, and volume should not interfere with ongoing work or distract fellow employees. Excessive personal communications during the workday, regardless of the device used, can negatively impact productivity and be distracting to others. Employees are encouraged to make personal calls and messages during non-work hours whenever possible and to ensure that friends and family are aware of the City's policy. Flexibility will be provided in circumstances that demand immediate attention.

Employees are not permitted to make personal long-distance telephone calls using City phones, except in emergencies. Personal long-distance calls may be placed using a personal calling card or by calling collect.

9.2 Personal Cell Phones and Confidentiality

While at work, employees are expected to exercise discretion in the use of personal cellular phones, similar to the use of City phones. The City of Herreid will not be liable for the loss of personal cell phones brought into the workplace. Employees may be eligible for a stipend for the use of their personal cell phones in the performance of their duties.

If employees use personal cell phones for work-related matters, especially involving confidential information, they must take appropriate precautions to ensure that the information is protected and not shared with unauthorized individuals.

9.3 Safety Issues for Cellular Phone Use

Employees must refrain from using their phones while driving City vehicles or operating heavy equipment owned by the City. Safety is the top priority. Employees should pull over and safely stop the vehicle before placing or accepting a call, regardless of traffic conditions. Texting while driving is strictly prohibited, and employees are encouraged to use hands-free devices if phone communication is necessary while driving.

Employees who are charged with traffic violations resulting from phone use while driving will be solely responsible for all liabilities, and the City will not be held liable. Additionally, all camera-equipped mobile devices must be turned off and put away in areas where employees have an expectation of privacy, such as restrooms, except in emergencies. Picture taking and video recording is prohibited unless approved by management. Violations of this policy may lead to disciplinary action.

9.4 Computer Usage, Cybersecurity, and Social Media

The City of Herreid reserves the right to monitor computer, Internet, and email usage, including retrieving and reading email messages, computer files, and tracking Internet activity. Employees should have no expectation of privacy when using City computers or the City's network, even if issued private passwords or access codes.

Employees must follow City cybersecurity protocols, which include using strong passwords, locking computers when not in use, and avoiding the download or installation of unauthorized software. Employees are expected to be vigilant against phishing attempts and other potential cybersecurity threats. Any security breach or suspicious activity should be reported to management immediately.

Use of social media on City computers or during work hours should not interfere with job responsibilities. Employees are reminded that posting content related to City business or representing themselves as City employees on personal social media accounts must comply with City policies and not violate confidentiality or professional conduct standards.

9.5 Recordings

Audio/video recordings in the workplace require supervisor approval. Unauthorized recordings violate privacy and may lead to discipline (SDCL 23A-35A-20).

10. Drug and Alcohol Abuse

The City of Herreid is committed to providing a safe, healthy, and productive work environment for all employees. The use, possession, or influence of illegal controlled substances or alcohol on the job is strictly prohibited. Employees found to be under the influence of drugs or alcohol during work hours may face disciplinary action, up to and including immediate termination.

Any illegal controlled substance possessed by an employee while on duty will be turned over to the appropriate criminal justice authorities, and the employee may be subject to criminal prosecution. This policy does not apply to public safety officers who possess illegal controlled substances as part of their official duties.

10.1 Drug and Alcohol Testing

The City may require an employee to undergo drug and alcohol testing if there is **reasonable suspicion** that the employee is under the influence during work hours. Reasonable suspicion includes, but is not limited to, observable signs of intoxication, erratic behavior, or unexplained decline in job performance.

Additionally, random drug and alcohol testing may be conducted for employees who are subject to federal mandates or hold a Commercial Driver's License (CDL), in accordance with Department of Transportation (DOT) regulations.

10.2 Pre-Employment Drug Screening

A pre-employment urine drug screen and physical examination will be required for all potential full-time employees. Employment is contingent on passing these tests.

10.3 Employee Assistance Program (EAP)

To support employees who may be struggling with substance abuse issues, the City encourages employees to seek help through an Employee Assistance Program (EAP). Employees who voluntarily disclose a drug or alcohol problem before it affects job performance will not be subject to disciplinary action for disclosure and may seek treatment confidentially.

10.4 Prescription Medications

Employees who are taking prescription medications that may impair their ability to perform their duties safely must inform their supervisor. The City will assess whether the employee can perform their job safely while using the prescribed medication. Employees are prohibited from operating vehicles or heavy equipment while under the influence of any medication that impairs their ability to do so safely.

10.5 Post-Accident Testing

Testing will occur if an accident results in injury or property damage, conducted within 8 hours.

10.6 Drugs to be Tested For

Testing will include marijuana, cocaine, amphetamines, opiates, and PCP (DOT standard list).

10.7 Consequences to Employee Engaging in Prohibited Conduct

A positive test result will lead to suspension or termination, depending on severity.

10.8 Confidentiality

Test results will remain confidential, shared only with legal or medical necessities.

11. Media Policy

11.1 Media Inquiries

In the event of an incident that could give rise to a claim against you, other employees, or the City, you may receive inquiries from the media. Employees should refrain from commenting on any incidents or occurrences. Instead, all media inquiries should be directed to one of the designated contacts: **The Mayor** or the **City Attorney**.

Employees must notify a designated contact immediately if they are contacted by the media. It is important to remember that any comment made by an employee could be perceived as an official statement on behalf of the City. For this reason, follow the policy of not making any comment and direct all media inquiries to a designated contact.

11.2 Social Media and Blogging

The City of Herreid recognizes the impact of social media (e.g., personal websites, blogs, Facebook, Twitter, Instagram, LinkedIn, group discussions, text messaging, and chat rooms) on both personal and business communications. While employees have the right to engage in personal social media use, the City maintains specific guidelines to ensure that online activities do not negatively impact the City's reputation, integrity, or operations.

Personal Blogging and Social Networking on City Time: Employees are prohibited from engaging in personal blogging, posting on social media, or participating in online networking sites during working hours or using City equipment. Working hours are defined as the employee's scheduled work time, excluding breaks and lunch periods.

Disclaimer Requirement: If an employee's post on social media mentions the City, or it is reasonably clear that they are referring to the City or its actions, and the employee expresses an opinion (political or otherwise), the post must include a disclaimer. The disclaimer should specify that the opinions expressed are the employees' personal opinions and not the official position of the City. This helps to preserve the City's integrity in the public eye.

Restrictions on Customer, Vendor, and Client Interactions: Employees are prohibited from soliciting City customers, vendors, or clients to be "friends" or contacts on social or professional networking sites, unless the contact has been disclosed to the City or there was a pre-existing relationship prior to employment. This restriction also applies to advertising or selling City products or services on personal social media platforms.

Use of City Social Media Accounts: Employees who are authorized to manage or post on official City social media accounts must ensure that all posts are professional, accurate, and aligned with the City's values and policies. Any misuse of official City accounts may result in disciplinary action.

11.3 Right to Monitor

The City reserves the right to monitor all public blogs and social media platforms to protect its interests and ensure compliance with City policies. The City also reserves the right to access City-owned computers and electronic communication devices to monitor internet usage, blog posts, and social media activities conducted on City time or equipment. Employees should have no expectation of privacy when using City equipment or posting content that may be publicly available.

11.4 Reporting Violations

If an employee believes that a blog, social media post, or other online communication violates City policy, they should immediately report it to their supervisor. The City will investigate the matter, assess whether the communication violates City policies, and take appropriate action if necessary.

11.5 Employee Rights

This policy is not intended to restrict employees' rights to discuss wages, working conditions, or other matters with co-workers, nor does it limit employees' rights under the National Labor Relations Act (NLRA).

Employees may still engage in protected activities, including discussing terms and conditions of employment.

The City reserves the right to suspend an employee with pay when necessary, though this is not considered disciplinary action.

Disciplinary measures outlined in this policy apply to all employee classifications, including full-time, part-time, and seasonal employees.

Disciplinary action will be taken only for good and just cause. The following forms of disciplinary action may be used:

Oral Reprimand: A Council member or the Mayor may issue an oral reprimand. No written record of the oral reprimand will be placed in the employee's file.

Written Reprimand: A Council member or the Mayor may issue a written reprimand. The Department Head will notify the employee in writing of the reason for the disciplinary action. Dismissal: The decision to dismiss an employee rest with the City Council or the Mayor. Dismissal proceedings will be initiated when an employee's work performance, conduct, or character is deemed unsatisfactory. The employee will receive a written notice of dismissal, including the reasons, unless the employee is on probation.

Each step may be skipped depending on the severity of the offense.

13. Termination Procedures

The City of Herreid ensures that all employee terminations, whether voluntary or involuntary, are handled in a fair, consistent, and respectful manner. The Mayor and City Council, as the governing body, will serve as the primary authorities in all termination-related decisions, ensuring compliance with City of Herreid policies and applicable laws.

13.1 Types of Termination

Voluntary Termination: Employees who choose to resign from their position are encouraged to provide written notice to the Mayor and City Council at least two weeks in advance. The Mayor and Council will work with the employee to ensure a smooth transition.

Involuntary Termination: The City may terminate an employee for reasons including poor performance, misconduct, violation of policies, or budgetary constraints. All involuntary terminations must follow the outlined process to ensure fairness and transparency.

13.2 Procedure for Voluntary Termination

- Notice of Resignation: Employees should submit a formal written resignation to the Mayor and/or City

 employee's role and responsibilities. Un-notified absences for 3 or more consecutive days will be
 considered voluntary resignation.

13.3 Procedure for Involuntary Termination

This documentation will be reviewed by the Council as part of the decision-making process.
- 2. Notice to Employee: The employee will receive written notice of their termination from the Mayor or a designated Council member. The notice will include the reasons for termination and the effective date. A meeting may be held with the employee, Mayor, and/or Council to discuss the decision.
- **3. Final Paycheck and Benefits:** The employee will receive their final paycheck, including any owed wages, unused vacation, or other entitlements, in accordance with City of Herreid policy and state law.

13.4 Immediate Termination

In cases of gross misconduct, illegal activity, or serious violations of City of Herreid policy, the Mayor and City Council have the authority to immediately terminate an employee without prior notice. Such cases will be handled with urgency, and the decision must be reviewed and confirmed by the City Council.

13.5 Return of City of Herreid Property

Upon termination (voluntary or involuntary), the employee must return all City owned property (e.g., keys, equipment, identification cards) to the City on or before their final day of employment. The final paycheck may be withheld until all property is returned.

13.6 Appeal Process
