## Private Well Permitting

Residents who need to renew their Private Well Operation Permit will be receiving a letter soon. If your private well is due for a permit please follow the instructions in the letter. Well permits are due every five years. Please see Section 15.53.5 of our Village Ordinances for further information.

## SEWER MAINTENANCE NOTICE

Every year, Whiting Utilities staff clean and inspect a portion of our village's sewer pipes. This year we will be cleaning pipes on the east side of the village. While underground sewer pipes are being cleaned you may experience a gurgling, bubbling or hissing sound from floor drains or other fixtures and this is normal. Work will likely begin in May and will continue into early summer. If you have questions, concerns or notice other problems with the drains or fixtures in your home or business please call (715) 572-9434.

Thank you – Whiting Utilities Staff
