Operator's License:

Operator applications need to be renewed annually by June 1.

If the operator's license application is renewal, they do NOT need to retake the Responsible Server Beverage Course and include a copy of their operator's license. New applicants are required to include verification they have completed the Server Course. Once approved by the Town Board at the June meeting, an operator's license will be issued.

Please maintain a copy of your operator's license for the establishment and the operator.

All documents must be completed in full and received by June 1. No exceptions. ANY applications after June 1 will be subject to the late fee.
