DOG LICENSING

ALL dogs 5 months of age or older require a license, per Sec. 174.05(1), Wis. Stats. The license year commences on January 1 and ends on the following December 31. Proof of current immunization against rabies must be presented at the time the license is requested. If you cannot find your dog's rabies vaccination certificate, a duplicate copy must be obtained from your veterinarian.

License fees are \$15 for unneutered or unspayed dogs, and \$10 for neutered or spayed dogs. In Waushara County, those wishing to keep more than 5 adult dogs on their property must apply for and obtain a kennel license. (If you live within city or village limits, different limits may apply.) **A multiple dog/kennel license is \$50 for the first 12 dogs, and \$5 for each dog after 12 dogs.** Kennel licenses are issued only after an owner has obtained approval from the County's Zoning, Health and Sheriff's departments.

PENALTIES

After March 31, a late fee of \$5 per dog shall be assessed to the owner **obtaining a dog license for any dogs older than 5 months of age** (Sec. 174.05(5), Wis. Stats.). **Owners not licensing their dogs may also be subject to County and/or municipal citations.** In addition, an owner who fails to have a dog vaccinated against rabies as required by statute may be required to forfeit not less than \$50 nor more than \$100, plus court costs.

Please call our office if you have any questions 920-787-0442.

Thank you,

Desiree Acantilado - Waushara County Clerk
