TDD: 800-662-1220

August 1, 2024

To All Village of Stamford Residents & Business Owners:

There are **3 very important notices** to bring to your attention regarding water/sewer services:

1. A special project fee will continue to be added to all sewer units in the amount of \$13.19 per unit, each quarter (**3 quarters remaining**) in the current fiscal year, which runs from June 1, 2024 to May 31, 2025. This amount will directly subsidize necessary expenditures at our sewer treatment facility.
2. Beginning October 1, 2024 there will be a change to the water rates. These rates will be based on consumption.

Base rate increases from \$42.50 to \$45.00 for the first 5,000 gallons, then tiers take effect as below: *

First 5,000 gallons → \$45.00

From 5,001 gallons to 8,000 gallons → \$10 per thousand gallons

From 8,001 gallons to 10,000 gallons → \$11 per thousand gallons

From 10,001 gallons to 12,000 gallons → \$12 per thousand gallons

From 12,001 gallons to 14,000 gallons → \$13 per thousand gallons

From 14,001 gallons to 16,000 gallons → \$14 per thousand gallons

>16,000 gallons → \$15 per thousand gallons

**Please note this is the first water rate increase since 2018*

3. This is a **second** public notice to inform all Village of Stamford property owners, business and residential, that ***all water meters need to be replaced per state mandate***. The old meters have surpassed their life span of approximately 15-20 years. In an effort to replace all meters by the end of 2024, the Village DPW needs everyone's cooperation. If your water meter has already been replaced, please disregard this notice.

If you have any questions, please feel free to contact the Village Hall offices.
Please call the Village Hall to verify the correct billing information.
