

ATTENTION NASEWAUPEE PROPERTY OWNERS

FIRE NUMBER / ADDRESS SIGN REPLACEMENT

The County of Door is currently working to replace all green and white, fire number / address signs throughout the County, with blue and white signs. Town of Nasewaupee work is expected to begin sometime after December 1, 2025 and will continue for as long as weather conditions allow. If weather conditions change, replacement of signs will cease, and work will resume in Spring 2026.

Signs will be placed on either an existing signpost or if your sign is currently not on a post one will be installed. Signs will be installed according to County Ordinance requirements and regulations. For new signposts that need to be installed, County staff will note the address and will replace your fire number / address sign at a later date, to allow time for Diggers Hotline to mark the area.

If you would like to keep your green and white sign, please leave a note on the back side of the sign. Sign installers will leave your old sign on your property.

This project is being led by Door County Emergency Management Director JEB Saelens. Should you have any questions, please reach out directly to JEB – 920-746-7195.
