City Manager's Budget Message

BUDGET COMMITTEE MEMBERS AND CITIZENS OF STANFIELD, OREGON:

I am pleased to submit my budget recommendation for FY 2024/2025. The budget was prepared to facilitate the Council's goals and the ongoing provision of City services to Stanfield residents.

OVERVIEW

This budget year finds the state of the economy to be good overall. The City's finances remain sustainable without the need for lay-offs or other major budget cuts. Overall, the City is in a good shape financially.

FY 2023/2024 was a busy year for the City and the next year looks to be just as eventful.

FY 2024/2025 should see a slight decrease in the budget of the City of Stanfield, although regular revenues should see typical improvements. Since the City relies to some extent on revenues from the State of Oregon, we continue budgeting those revenues with caution. We anticipate that property taxes will increase compared to the current fiscal year. In addition to regular revenues, the city will see large increases in several funds due to grants from local, state, and federal sources. These grants will help the city construct several large projects that would otherwise not be pursued. The balance of these projects will be paid for through lending.

While regular revenue increases are not large, the prospects for the City are good. Stanfield is primed for continued growth. The city continues to see demand and development in our residential, commercial, light-industrial and general industrial zones. Stanfield continues to attract businesses and residents alike due to its location, low property tax rates, low utility rates, and better quality of life compared to surrounding cities. These developments will help provide additional residents, taxes, fees, and other revenues which will in turn provide more stability and opportunities for the city.

The Panoramic Ridge housing development is continuing to expand—Phase V continues to develop with 13 units that are finished or under construction and another 28 lots available to build on.

The Bumblebee Estate housing development finished up building its infrastructure last fiscal year and has been seeing a lot of demand for their development. The developer has 24 units that are finished or under construction, each under contract to purchase, and an ongoing demand to build more. If the demand continues, there is a real possibility that the remaining 75 lots could be filled this upcoming fiscal year, if not the following year. This development will bring in a total of 99 new housing units with property taxes, utilities, and roughly 275 new residents.

Unfortunately, the large SGS development was unable to proceed with their plans on the 48-acre parcel on the north of Stanfield; however, there have been several developers actively looking to take over this development and keep it moving forward.

In addition to these larger developments, there are another 35+ residential lots going through the development process, with about half of them almost ready to build on.

Java Junkies has broken ground on their new commercial site, with anticipation of construction completion in the 24/25 fiscal year.

Southern Tire Mart is awaiting their DEQ approval with an anticipated construction start date in August or September of 2024 for their new commercial building near the I-84 interchange.

One additional commercial building is in process of going through the development process to hopefully break ground this upcoming fiscal year.

Spot on Septic continues to develop their light industrial lot and should have construction finished this upcoming fiscal year.

S&H Fencing has been building their new light industrial site and should likewise have their construction finished this upcoming year.

Three additional light industrial organizations are in process of submitting their development plans to build in Stanfield.

Northwest Produce Processors bought the Link One Solutions Potato facilities and have been working on redeveloping the facility to meet their unique product and open up operations as soon as possible.

Due to the conservative and strategic spending policy of the last several years that has allowed the City to build healthy carryover balances in each of the City's major funds, the city is prepared for several large projects this upcoming fiscal year. These projects will spend down some of the cash carry-over but we should be able to maintain healthy fund balances, which are essential in the City's ability to continue to pay for benefit costs, payroll taxes, and necessary maintenance and improvement costs. The proposed budget continues the City's policy to maintain a contingency line item totaling about 10% of normal expenditures in most funds. This will allow for a healthy fund balance, and sufficient funds to handle unforeseen events.

FY 2023/2024 BUDGET - A RECAP

- **Financial Stability:** The City entered FY 2023/2024 with a healthy carryover in each of the City's major funds which have helped sustain the City's finances. With aging water and sewer infrastructure, it's hard to predict and prepare for the various maintenance issues that may arise; however, conservative budgeting, healthy fund balances, and proper levels of contingency funding provide a much-needed cushion.
- Civic Block Project: The City hired Seder Architecture in April 2020 to assist with planning and designing the city's civic block. In 2022/2023 the city began to implement phase 1 of those plans through a remodel/addition to the council chambers. The process has taken longer than anticipated as we brought in a Construction Manager / General Contractor in 2023/2024; however, the city is close to finalizing plans to go out to bid and plan to have the council chambers remodeled during the winter of 2024/2025.
- Veteran's Memorial Park: The City received initial plans for the Veteran's Memorial Park from Seder Architecture. This project will be done in phases with the first phase planned in 2022/2023 aimed at opening the main section with flag poles, a memorial wall with plaques,

and some pavers. Due to grant timelines, the city has held of phase 1 until fiscal year 2024/2025. The City will continue to seek for donations and grants to fund a large portion of this project.

- Comprehensive Plan / Development Code Update: The city received a \$50,000 grant from the DLCD to hire a consultant to help update our Comprehensive Plan and Development Code. This project involved a citizen technical advisory committee, the Planning Commission, and the City Council. Many long hours have gone in reviewing and updating these plans with the consultant. The development code and comprehensive plan were adopted in June 2023; however, due to the need to adjust some of the zoning, the zone map is still in process. It is anticipated that this map will be adopted in the 2024/2025 year.
- Waste Water Facility Master Plan Update: Every 20 years the city updates their different master plans. The city started updating their Waste Water Facility Master Plan in early 2023. This plan update is estimated to cost \$150,000 and will be finalized in 2024/2025. The project is funded through a \$20k grant from Business Oregon and through a low interest \$130,000 DEQ loan that includes a forgivable portion.
- **Urban Renewal and Parks Planning:** The city was unable to obtain the funding to get a consultant to provide the planning and preparation to launch this project. The city has identified and applied to some grant funds this year with awards to be announced early next fiscal year.
- North Stanfield Lift Station: The city received a \$1,500,000 grant from Umatilla County to create a residential development revolving loan fund in 2023. The developer that was to utilize these funds to build a lift station has encountered some delays and was unable to get it built in the 2023/2024 year. The intent is to hopefully get this project done in the 2024/2025 year, and has been budgeted accordingly.
- Postponed Projects: Library Flooring/Painting, Ball Ave repaving, Council Chamber Remodel, and the Veterans Memorial Park Phase 1 completions were delayed due to time constraints, contractor timelines, short staffing, and other unforeseen factors. Several grants that were applied for, fell through, with new applications submitted for this upcoming fiscal year.

KEY ECONOMIC FACTORS AND ASSUMPTIONS

During the preparation of the FY 2024/2025 budget, the City utilized several assumptions based on key economic indicators. The assumptions are as follows:

- **Property Tax Revenues** in FY 2024/2025 are expected to increase over the amount budgeted in FY 2023/2024. This assumption is based on the actual amount of property tax revenue collected in FY 2022/2023, new development, and the annual increase of assessed values.
- State Gas Tax Revenues for the city are expected to increase at a regular rate.
- **Population** of the city is currently estimated at 2,500 as of the date this report. It is assumed that during the upcoming fiscal year the City's population will have a 5% increase with an estimated 50 new homes being built before July 2025. Population affects the estimates for state shared revenues and state gas taxes which are distributed on a per capita basis. Population estimates are developed by Portland State University by December of each year. The amount

of homes could be significantly increased or decreased depending on the state of the overall economy and interest rates for homes throughout the year. There is still a strong demand for new homes in the current high interest rate economy.

- **Labor Costs**: Healthcare benefit premiums are budgeted at an overall 10% increase above FY 2023/2024 levels. As it has the last several years, the City has budgeted 90% of the premium cost for health care for eligible city employees in FY 2024/2025. Employees are responsible for the remaining 10%. PERS is also budget to increase year over year at a rate of 5.38%.
- **Risk Management:** Worker's compensation, liability, and property insurance rates are expected to increase in FY 2024/2025 by 16.5%.

FOCUS OF THE FISCAL YEAR 2024/2025 BUDGET

The City's total budget in FY 2024/2025 is \$9,242,305, which represents a 12% decrease from the \$10,471,483 budget in FY 2023/2024. The decrease is largely attributed to a decrease in interfund transfers. Outside of the interfund transfers, the budgeted revenues and expenditures have increased incrementally.

This proposed budget continues efforts to keep our salaries competitive—it includes a 3.1% cost of living adjustment for all employees and regular step increases. Additionally, the City has appropriated funds to provide recognition awards for outstanding performance.

General Fund

In the General Fund, the City will continue working on the Library/Community Room project which involves expanding and connecting the current Council Chambers building to the adjacent library building in order to provide a large Community Room that could host Library events and City meetings, as well as be available for private events. The City brought on Knerr Construction to provide Construction Management and General Contracting services in FY 23/24 and is working on getting cost estimates. The city intends to fund the project through grants, donations, city reserves, and lending. The estimated budget for this project is \$1,000,000.

Another large project that the city has been working on is the Veteran's Memorial Park. Seder Architecture has provided a preliminary plan for what the park will look like. This project will be done in phases, with the main Veteran's Memorial section being completed in phase 1. The estimated budget for phase 1 is \$250,000. The city will be looking to fund this mostly with grants. The City will likely use city reserves and some lending to bridge any gaps in funding.

The Parks and Recreation department is continuing to grow and flourish. The residents of the city have responded positively regarding the new activities and look forward to new opportunities. The activities have been self-sustaining, with portions of the overhead getting chipped away. As the program continues to grow, the goal is to eventually have the department completely self-funded.

The Police Department is looking to add 0.5 Full-Time Equivalent (FTE) to their staffing. This adjustment will provide additional stability, coverage, and safety for the community. The overall effect to the budget is estimated at \$60,000 spread between the General Fund and the Public Safety Fund.

The Police Chief has also identified several used vehicles that Boardman is looking to surplus. These vehicles are provided at a great savings to the city and will help provide the police fleet with additional stability over the next several years.

Public Works

The proposed budget includes funding in the Public Works Funds for maintaining and operating water and wastewater systems, maintaining City streets, and taking care of the parks. The City of Stanfield currently has 4 regular Public Works employees, and 2 seasonal workers. The city will continue to contract with the City of Echo to provide public works operations. The contract with Echo will bring in enough revenue to continue to pay for another regular full-time employee and seasonal, bringing the total to 5 regular employees and 3 seasonal employees.

Also in the Public Works funds, the proposed budget includes funding to provide engineering to provide a plan for Sloan St. as well as Ball Ave improvements if we are able to secure the Small City Allotment grant. Additional funds were allotted in the SDC fund for other potential street projects that may arise throughout the year depending on the progress of proposed developments. Public Works will also be looking to purchase a portable welder for different projects and maintenance and a new engine for a vehicle that is currently inoperable.

Streets Fund

The street fund will mostly be funded to take care of regular operations and maintenance. As mentioned prior, there are funds set aside to do some repaving on Ball Ave. although that project is contingent on securing Small City Allotment Funds. The Sloan St. engineering plan will also be paid for from this fund as time, staffing, and resources allow.

Water Fund

The Water Fund balance has been decreased substantially over the past several years due to the water tower project. The 2023/2024 fiscal year has seen the trends continue in a positive direction with the cash carry over projected to continue to increase. 2024/2025 is projected to follow the same path, with no major projects planned.

Sewer Fund

The proposed budget of the Sewer Fund provides funding for continued funding for line maintenance. The Waste Water Facility Master Plan update will continue into the next fiscal year for an estimated \$30,000. Looking toward the future, the master plan identifies the need to expand city sewer infrastructure to meet updated DEQ policy and accommodate future growth. It is projected that the city will need an additional effluent storage pond and eventually replace the sewer plant with an updated plant. It is anticipated the city will need additional land for a new plant but the city will need to wait until the master plan is finalized to have better idea of the full scope and timelines.

Through yearly budget and fee adjustments, this fund is close to, if not already stabilizing and turning in a positive direction.

Library Fund

The Library Fund of the proposed budget includes funding for building improvements, including replacing the flooring and painting the interior. Funding for these items is mostly being provided by donations and grants. The library is continuing to pursue additional grants for youth and adult programming. The Library fund has also set apart some of its reserve funds if additional funding is needed for the community room/ library expansion project or related projects.

Public Safety Fund

Per the city's ordinance, each year the public safety rate will be reviewed by the budget committee and adjusted for inflation and other needs. The city typically uses the January's CPI of each year to measure inflation. This year's inflation was 3.1%. The city did not increase the rate last year in hopes that development would help offset some of the costs. While there was substantial development, it was not enough to keep with the increased cost of public safety. It is recommended to bridge the gap of the two years of inflation (around 9.5% combined). In addition to the increase due to inflation, the Police Department is seeking another 0.5 FTE. This recommendation came to the council after researching national and local public safety service levels, and finding that the City is significantly below the 2.5 FTE per 1,000 residents average.

While it is not recommended to bridge the 1 FTE per 1,000 resident gap (which translates into an additional 3 total FTE), it is recommended to add an additional 0.5 FTE (not per 1,000 residents). With the cost estimated at an additional \$60,000, and with two years of inflation, it is recommended to increase the current Public Safety Fee from \$8.50 to \$13.00 a month. With this increase and the continued development in town, the city's funding for public safety will become much more sustainable long term and help the city get closer to the national average of 2.5 FTE per 1,000 residents (which translates into 7 total FTE when including Stanfield/Echo combined populations) and a better overall service and safety level for its residents.

SDC Fund

The SDC fund continues to grow and has funds designated to assist the funding of the Street, and Park improvement projects as is listed in the other funds.

Residential Revolving Loan Fund

This is a new fund that started July 1, 2023. The city received \$1,500,000 from Umatilla County to provide a revolving loan fund to help developers better afford infrastructure and promote continued residential growth due to housing shortage in the area. The funds were originally granted to help pay for a lift station in North Stanfield, but when they are paid back can be used for other residential projects. The lift station is planned to be built in 2024/2025.

Fuel Tax Fund

The FY 2024/2025 budget includes funding in the Fuel Tax Fund for several park projects. The city has applied for grant funds to update its park master plan, install a public bathroom at the Veteran's Memorial park that is currently going through development, and is working on a grant for paving trails. The fund also includes funds for hand rails for the trail bridge in addition to matching funds for the city's walking group projects.

Additionally, this budget continues to include an ongoing line item to replace the vehicle used by the City Manager. The intent is to find a good quality vehicle through surplus and at this point isn't urgent.

Areas of Ongoing Monitoring

Library Fund: Due to limited revenue from the Umatilla County Special Library District, our Library fund is limited and will not be able to keep up with rising costs in the future; however, the proposed budget includes enough funding to satisfy personnel costs and contingency funding for now. This is an area that will need continued monitoring in the future.

The sewer fund has been slowly decreasing each year. Over the past several years, the City has undertaken updating rates and structures to combat the declining fund. With some additional adjustments, the sewer fund is getting closer to trending positive. The sewer fund does have a healthy fund balance and the City anticipates continuing to approach the adjustments over several years as opposed to all at once.

While there are enough funds for Public Safety as it is currently budgeted. The question remains, is the staffing/service level budgeted for, the staffing/service level desired by the public; and if not, how will that be funded? National averages show city public safety staffing levels for sworn in officers at a rate of 2.5 FTE per 1,000 residents, or higher when including support staff. Call load and other factors go into what is actually needed, whether higher or lower.

Stanfield is closer to 1.5 FTE per 1,000 residents and does not have any support staff. The public safety funding is currently covered at 70%-85% by property taxes, public safety fees, and other public safety revenues. There is currently a 15%-30% sustainable funding gap that is tapping into other general fund revenues that are typically used for other city services. These rates are for current staffing levels and does not include what percentages would be at with higher staffing levels. While this budget does not provide a solution to staffing levels and future funding, this is an area of monitoring and consideration for future planning.

ACKNOWLEDGEMENTS

In closing, I express my thanks to Darla Linker, Finance Director, for her efforts in helping coordinate the budget process, and to the department directors and staff that have contributed to the creation of this document. Lastly, I thank the Budget Committee and City Council for your continued support and analysis of the budgetary issues facing the City. It is with your help that the City will continue to grow and improve the quality of life for all of its citizens.

Respectfully submitted,

Benjamin Burgener City Manager & Budget Officer

CITY OF STANFIELD

The City of Stanfield is conveniently located on Highway 395 off of I-84 in northeastern Oregon. It is situated in Umatilla County just 10 minutes south of Hermiston, about 30 minutes from Pendleton, and about a 45-minute drive to the Tri-Cities, WA. It is only 15 minutes from the mighty Columbia River, and the Umatilla River runs along its western edge. Stanfield is a friendly and inviting place to live, work or locate your business.

The City boasts an array of parks for all ages with baseball and soccer fields, basketball courts, playgrounds, and walking paths. The City has also grown into a regional player and partner in transportation and quality government. The City is poised for effective economic growth and development.

CITY GOVERNMENT

City Government

Stanfield was first incorporated in 1910. Stanfield has been organized under a council-manager form of government since 2006. Administrative authority is vested in the City Manager while the City Council exercises legislative authority. Stanfield is served by a seven-member City Council including the Mayor and 6 Councilors, elected to staggered terms of four years. The City Council usually meets twice a month to conduct city business. The City Council guides the city by setting goals, passing ordinances, adopting resolutions, authorizing contracts, and adopting budgets.

City services are delivered by six departments:

- Administration
- Public Works
- Police
- Municipal Court
- Library
- Recreation

5-YEAR COUNCIL GOALS

In February 2024, the City Council held a goal-setting workshop where they reaffirmed the City's vision and identified and prioritized goals to guide budget decisions and projects the City would like to pursue. The workshop included the opportunity for feedback and participation from the public.

VISION

"Stanfield is a welcoming and inclusive community, known for its hometown atmosphere, quality housing, business and development friendly government, and continued, measured growth."

City Council Priorities 2024-2025

Increase Community Engagement

- Create Hispanic Advisory Committee

Improve Public Outdoor Spaces

- Build a Veterans Memorial Park at Charlotte Rauch Park

Proactive Community and Economic Development

- Build/maintain adequate city infrastructure to continue to provide quality services to the community while having enough capacity to encouraging growth.
- Work with land owners to develop and attract businesses to the I84 Interchange commercial and industrial spaces.
- Encourage downtown revitalization and improved aesthetics through use of grants and public/private partnerships.

Improve Community Livability

- Council Chamber/Community Room remodel
- Improve Police Department facility
- Coordinate with Post Office to obtain mail boxes for those who don't have them.
- Improve Code Compliance

THE BUDGET PROCESS

All Oregon cities are required to prepare an annual or bi-annual budget as a governing document for the City's actions in the coming fiscal period. The process followed in the preparation of this budget complies with local budget law established by the State of Oregon. Oregon's Local Budget Law does two important things: 1) establishes standard procedures for preparing, presenting, and administering the budget and 2) requires citizen involvement in the preparation of the budget with public disclosure of the budget before its formal adoption.

The City of Stanfield operates its fiscal year from July 1 to June 30 each year. The City Manager serves as the Budget Officer and has the responsibility to prepare the budget document, present the budget message to the Budget Committee and to maintain budgetary control at the approved appropriation level. In accordance with Oregon Budget Law, the Budget Committee consists of the seven members of the Stanfield City Council and an equal number of citizens. The Committee is tasked with reviewing the proposed budget and amending it where desired. Budget Committee meetings are public meetings and an opportunity for citizen comment is provided at each meeting. City staff attend the meetings to provide technical analysis and support to the Committee. At the conclusion of the meetings, the Budget Committee approves a balanced budget that is forwarded to the City Council for adoption.

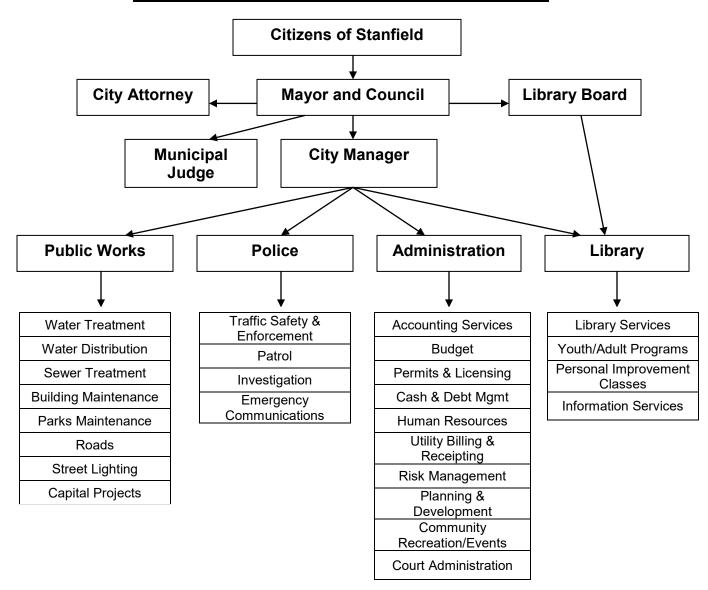

Prior to the adoption of the final balanced budget, the City Council is required to hold a public hearing on the budget. The Council may make additional changes to the budget before adoption via a budget resolution. The budget must be adopted prior to July 1.

BUDGET STRUCTURE

Detailed fund revenue and expenditures information is compiled utilizing an accounting structure required under Oregon Budget Law. The structure conforms to the following hierarchy:

- A **Fund** is defined as a fiscal entity which records assets and liabilities, and revenues and expenditures for specific operating or capital programs.
- A **Department** is a separate unit within the fund which serves a specific function in relation to the fund programs.
- A **Category** is a classification of expenses within a department including Personal Services, Materials and Services, Capital Outlay, Transfers, Debt Service and Contingency.
- A Line Item is a specific expenditure within the category. Vehicle Maintenance is an example of a line item within the materials and services category.

RESOLUTION NO. 13-2024

A RESOLUTION LEVYING PROPERTY TAXES

NOW, THEREFORE, BE IT RESOLVED,

SECTION 1 The City Council of the City of Stanfield, hereby levies the taxes provided for in the final budget adopted for the 2024-2025 fiscal year based on the permanent rate of \$2.5894 per \$1,000 of assessed real property values for General Fund. These taxes are hereby imposed, for tax year 2024-2025, upon the assessed value of all taxable property within the district.

The taxes imposed are categorized for purposes of Article XI section 11b as: SECTION 2

Type of Tax	Subject to General Gov't Limit	Excluded from Limitation
Permanent Rate Limit	\$2.5894/\$1,000	-
Local Option Levy	-	-
GO Bond Levy	-	-

The Mayor or City Recorder certify to the County Clerk (or other assessing officer) of SECTION 3 Umatilla County, and the Department of Revenue in Salem, Oregon the tax levy made by this Resolution.

ADOPTED by the Common Council of the City of Stanfield this 18th day of June, 2024.
