

To the Rochester/Stockbridge Unified School District Community:

I am writing to share an important survey that the RSUD Board of School Directors has put together in consultation with the New England School Development Council (NESDEC) to help provide important feedback on the school district in order to gauge district opinions and guide subsequent, deeper investigations into some of our school configuration options across the district.

This data is incredibly valuable and important to the Board's discussions and future community conversations. Therefore, we ask that you take ten minutes to complete the following survey found here:

<https://www.surveymonkey.com/r/BPXF7DG>

The survey will be open through Friday, August 7th. In addition, we will be holding an in-person public forum on Tuesday, August 4th at 6:00 p.m. at the Rochester Elementary School. At the forum, we will review the survey and answer any questions folks may have, provide the community with information on the current work of the Board in relation to Act 170 (H.955), and provide an opportunity for our constituents to complete the survey in person if that is easier for them.

The survey is also available via a QR code provided below:

The Board, Principal Stetson, and I want to thank the former RSUD Community Engagement Task Force for beginning these important conversations, our RSUD PTO for their participation and support in gathering important information from our community stakeholders, and our engaged stakeholders for taking the time to share your thoughts, desires, and wishes for the school district.

Sincerely,

Jamie Kinnarney, Superintendent of Schools, WRVSU
