Re: SUBFY2025-0002

I am writing in support of the application SUBFY2025-0002.

The application submitted by Brighton Development, Inc. is well within the scope of the Specific Area Plan SAP2023-0001 which was approved by the City Council in 2024. The application significantly reduces the number of units involved in the eastern section of the property. It does not allow for vehicle, pedestrian, or bicycle traffic through any part of the existing Plantation development. The development, as proposed, will have a minor effect on existing residential units. The Brighton project is exactly what is needed to sustain the positive growth trajectory of Garden City while maintaining the high quality of life we all cherish.

This project will go a long way towards ensuring the future of the golf course.

As a concerned citizen, I strongly urge you to move this application forward to final approval.
