Applicant Meeting Date: **TBD**

**Review Comments:**

1. Clarify if landscape treatment between adjacent building (Bardenay) parking and adjacent southern section of multi-use pathway has been coordinated with respect to mulch and plant material along pathway. Is there consistency or completely different design aesthetic?
2. Clarify pathway / access route for transporting trash from buildings utilizing this trash collection facility.
3. Clarify color of transformer screen wall components.
4. Clarify color / design of trash area swing gates.
