Subject: Proposed Apartments at Bible College
Date: Friday, June 21, 2024 3:53:30 PM

Last night's Public Meeting was a joke! No city official or Bible College reps there, having the meeting outside in 90 degree weather!!

We own our home on Francis off of Marigold and we Do NOT need more traffic in this area!

The proposed 200+ apartments would mean 300+ cars on Marigold/Coffee and Glenwood.

Are you going to have a REAL Public meeting about this and listen to the residents?

We do not approve of ANY more building of apartments in the area.
