Good afternoon:

I would like to be placed on the communication list for the proposed development at Boise Bible College. I live directly next to the proposed development and am very concerned about the plans and the affect on traffic, parking, noise, too high density, and the loss of the only small open space in this area. I believe it is file number [CPAFY2022-0006](#).

Thank you for your prompt attention to this. I appreciate your help.

Sincerely,

Linda Murphy
