The purpose of this ordinance is to lengthen permit and permit extension times in both Title 7 and Title 8 to make permitting processes more unified and usable.

Staff has reviewed the whole of Title 8 and sees no conflicts that this amendment would create. There is no known conflict with any other regulation. To amend Title 8, the amendments must be consistent with the adopted Comprehensive Plan. This amendment is consistent with Goal 6: Diversity in Housing, particularly Objective 6.3: “Maintain the diversity of housing” as it allows developers and staff to more efficiently utilize permit extensions and continue developing a variety of housing types in Garden City.
