Subject: Re: DSRFY2023-0008 Master Sign Plan for Boardwalk

I don't feel a meeting is necessary. I think it would be helpful to see a better graphic representation on the building for Signs 'A' and 'C'. It would help to see it on the 3D renderings that were provided during the approval process.

I do not believe a meeting is necessary, but I would comment for "Sign C" to be better integrated into the architecture of the building and see that update come back via. email or be staff approved. It looks like an afterthought at this stage.

Additionally, it should be noted that "Sign(s) D" (x6 of them), should not exceed the proposed example dimension in each individual location as the individual tenants are approved.
