I have read the restrictions on the back of this form and agree to abide by them.

Signed: _____

Dated: _____

For Office Use Only

Issued by: _____ Date: _____

Permit #: _____

Chapter 360 Zoning Article III General Regulations § 360-9 Use regulations

C. Camping. In any district which allows camping, the following standards shall apply:

- (1) Camping units shall, as applicable, remain mobile (e.g., wheels left on and no skirting), have a current license and self-containment facilities. A permissible camping unit is limited to a camping trailer, conversion van, motor home, park model, pickup truck with camper or a tent.
- (2) An annual permit issued by the Zoning Administrator is required for seasonal camping on any lot on which a single-family residence does not exist. The camping season shall be April 14 through November 30.
- (3) Off-season camping permit. Camping is permitted from December 1 through April 14 only upon issuance of an off-season camping permit by the Zoning Administrator. Such camping is limited to no more than two occurrences for a cumulative total of no more than 21 days during any off-season period. A separate permit is required for each occurrence and will only be issued upon proof that the camping unit will be connected to either a municipal sanitary sewer system or has direct access to a private on-site waste treatment system approved by the State of Wisconsin and Adams County.
- (4) Guest camping permit. Additional camping units, to be occupied by guests of a lot owner, shall be subject to the following limits: One guest camping unit for parcels five acres in size or less, and one additional guest camping unit for each additional one acre of lot size, not to exceed 10 guest camping units, shall be permitted on a lot in any district which allows camping between April 15 and October 15 of each calendar year for no more than three nonsequential periods of a maximum of 10 days each in duration. At least 15 days must elapse between each such period. A guest camping permit issued by the Town of Rome is required for each additional camping unit. Additional camping units in the LD Lake District shall be subject to § 360-60B.
- (5) All permits required herein must be displayed in a weather-resistant receptacle that is securely attached, below the address sign, to the Town-issued address identification post.
- (6) Water/septic requirements.
 - (a) Commencing on January 1, 2012, camping may not occur on a lot on which a single-family residence does not exist unless said lot satisfies both of the following requirements:
 - [1] Is either connected to water service offered by the Rome Water Utility or is served by a private, code-compliant well providing potable water; and
 - [2] Is connected to a municipal sanitary sewer system or is directly served by a private on-site waste treatment system as defined in § 145.01 (12), Wis. Stats., or is attached to a transfer container that is installed pursuant to the regulations set forth in Section 3-2.08 of the Adams County Private On-site Waste Treatment Systems Ordinance.
 - (b) Notwithstanding Subsection C(6)(a)[2] herein, portable toilets and vault privies are prohibited in these districts. Composting, chemical and incinerating toilets are permitted only if completely within the camping unit.
