RESOLUTION PASSED BY KPDG AT THEIR QUARTERLY MEETING
3/7/05

In the spirit of improved cooperation and communication between our four communities, the KPDG, consisting of representatives and planners of the four communities of Rockdale, Cambridge, Christiana and Oakland recommend the following as a desirable policy when annexation is under consideration.

“We recommend that prior to moving forward with an annexation proposal, the community doing the annexing should request an opinion in writing from the board of the community from which property is being annexed, regarding their official position on the annexation. If there is no response within 45 days, it may be assumed that no opinion is forthcoming.”

We respectfully encourage all four boards to pass resolutions supporting this policy, in language of their own choosing, as soon as is convenient.

Please put this matter on the agenda for the next meeting of your board.
