To be in compliance with 2015 Act 211 of the Wisconsin State Code The Village of Wales is requiring that all new one- and two-family home construction that the permit puller must complete the online process before the Building inspector will issue a permit.

The Permit puller must complete the State online process and provide all paper documents relating to the construction of the new home to the Village of Wales Building Inspector for approval of the permit. The Building Inspector will not issue any new one- or two-family home construction permits without the State online process being completed first. [Click here](#) to begin the online process.

The permit puller must submit all required plans and data directly to the municipality. The plans, data and permit must be reviewed, and the approved permit fee must be paid before the permit is considered an issued permit

If you have any questions regarding this process please contact the Village Building Inspector at 262-490-4141 or email – buildinginspector@villageofwales.gov
