Hello,

I'm reaching out to share a resource that can complement the work you do each day to support individuals and families in the Village of Browntown community.

As substance misuse becomes an increasingly widespread concern, it's vital to have updated resources readily available for those in need. RehabNet offers a free online guide that connects people in Wisconsin, including those without insurance or financial means, to trusted drug and alcohol treatment options statewide.

Our 2026 update recently went live, and the new state guide is available here: <https://rehabnet.com/wisconsin/>

I'd love for you to consider adding the link to your list of community resources so visitors to your local website can easily access this information. If someone else in your administration handles community resource listings, I would appreciate it if you could forward this message.

Please reach out with any questions. I look forward to hearing from you soon.

Best regards,

Julie Adams
Community Outreach Advocate, **RehabNet.com**
Help for addiction recovery
