~\$7.4M

In AT&T contributions and broadband subsidy dollars to fund the public-private project

THE DETAILS

~\$5.1M

AT&T's investment in the public-private project

~\$1.4M

Town of Sevastopol's investment in the public-private project

BUILDING ON OUR COMMITMENT IN WISCONSIN

Through this project, we are continuing to invest in communities across Wisconsin, delivering stronger connections and opportunities to more households and businesses.

1.4M+

We have more than 1.4 million strand-miles of fiber optics in Wisconsin as of July 2023

425K+

More than 425,000 customer locations in the state have access to AT&T Fiber as of July 2024

[Learn more at attconnects.com/Wisconsin](https://attconnects.com/Wisconsin)

The project is also supported in part by federal award number CPFFN0201 awarded to the Town of Sevastopol through \$816,693 of funds from the U.S. Department of the Treasury through the American Rescue Plan Act and the State of Wisconsin, acting by and through the Public Service Commission of Wisconsin.

Project Map

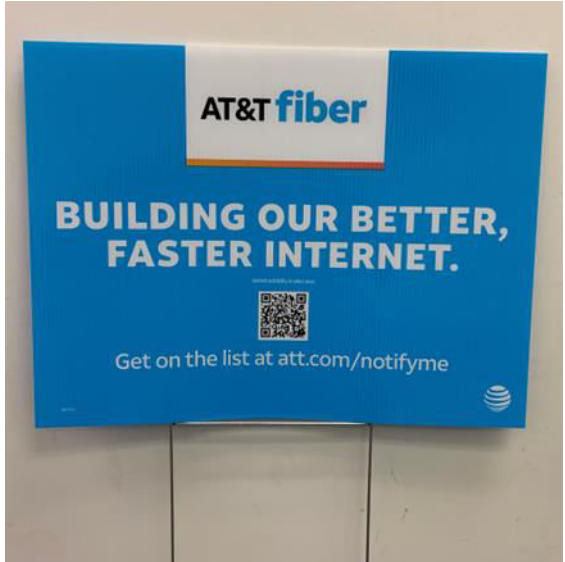

**AT&T Proprietary information has been removed

Dates noted are rough ESTIMATES & may change based on various factors

Construction Process

AT&T will place door hangers, neighborhood entrance signs or yard signs to communicate the fiber build that will include a brief description of what to expect along with a phone number for questions.

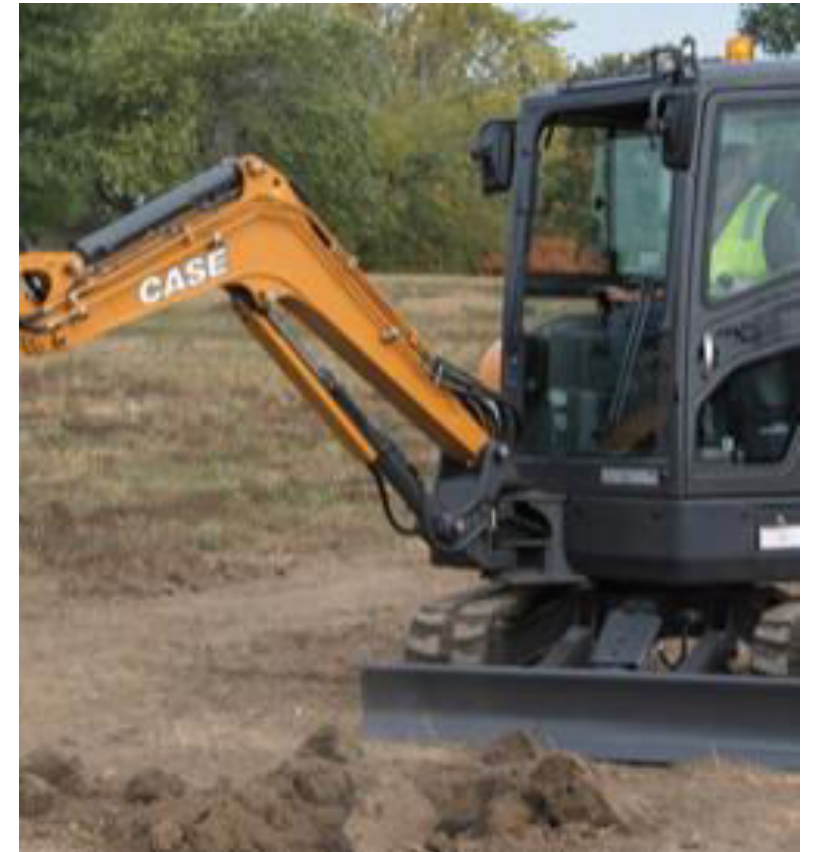

AT&T contractors will use white spray paint to show proposed placement of main connection box.

Locate company will mark utilities with paint and or flags.

	White proposed excavation
	Fluorescent Pink temporary survey markings
	Red electric power lines, cables, conduit and lighting cables
	Yellow gas, oil, steam, petroleum, or gaseous materials
	Orange communication, alarm or signal lines, cables or conduit
	Blue potable water
	Purple reclaimed water, irrigation and slurry lines
	Green sewers and drain lines

Contractors will begin placing aerial and or buried cable in the neighborhood. Different types of machinery are used including bore machines and excavators.

Depending on design and scope of project, contractors may place pedestals, handholes and flower-pots at pre-determined locations through out the neighborhood in easement areas.

Pedestal

Handhole

Flower-pot

After facilities are placed AT&T Splicers will begin splicing fiber at various locations in the neighborhood

Restoration work will be completed by AT&T Contractors. We will do our best to minimize disruptions. We will remedy any disorder to your landscape, if necessary.

AT&T Guarantee

Fiber and wireless guarantee

Here's how it works

We'll have your back, or we'll make it right. Eligible AT&T customers are proactively covered by the AT&T Guarantee with no extra charge.

Connectivity you depend on

If you've experienced a qualifying outage,¹ we'll notify you via e-mail or SMS that you've been impacted. Once the interruption has been resolved, we'll contact you with details about your **bill credit**.

Deals you want

Our best deals on any smartphone don't require the most expensive plan like our competitors do.² And, no hidden fees or equipment charges with fiber.

Service you deserve

If your wait time for technical support exceeded 5 minutes³ and you're not offered a callback or didn't receive one, or you couldn't schedule a same or next-day fiber technician appointment, you'll get a **reward card**. We'll notify you when it's time to redeem it.

¹Credit for fiber downtime lasting 20 minutes or more; or for wireless downtime lasting 60 minutes or more caused by a single incident impacting 10 or more towers. Restrictions and exclusions apply. ²Offers vary by device. Restrictions may apply. ³Five minutes begins once customer is routed to technical support assistance. [See details](#)

Thank You!
