Letter from the City Clerk

Dear Citizens of Buhler,

This month, I would like to share an update on several important projects happening throughout our community.

We have also made significant progress on several larger water projects:

- Additional water rights have been purchased, and work is underway toward installing a new city well.
- As I write this letter, the Harvest Hills waterline loop is being installed. We hope this project will improve water pressure in the area, which is much needed, while also improving overall water flow and reliability.
- Don't forget to update your phone number with us! The smart meters are making a difference in how quickly we catch leaks, we just need to be able to contact someone.

Other projects currently underway include developing a Capital Improvement Plan, updating the City's codification, police department equipment upgrades, and working towards completing several upgrades to the sewer plant. Once the codification project is finished, all City ordinances will be organized and available for the public to view online.

Over the summer, our City crew was also able to complete more—and larger—street patches than in previous years. With a tight budget, being able to accomplish this additional work is certainly a win in our books!

There is always more work to be done, but we are proud of the progress being made. These projects reflect our continued effort to maintain and improve Buhler's infrastructure while using the City's resources responsibly.

Thank you for your patience and support as we continue working to make Buhler an even better place to live.

Sara Howard, CMC
City Clerk

This year communities across Reno County could receive a proportionate share of a **\$50,000 grant pool** based on their percentage of all survey responses received countywide. The maximum share per community is capped at 30 percent.

So click the link below and take the survey.
Your Voice. Your Say. Your town's share of \$50k

Community News

A Little Bit of Magic at the Buhler Library

The Buhler Public Library has a new addition that is sure to spark a little imagination! A beautiful new mural has transformed the library into a fun, colorful space where fantasy and creativity come to life.

The mural was designed and painted by [Mindy Allen of Mindy's Murals](#), who brought the vision to life with a colorful design that adds a little extra magic to the library.

The project was fully funded through a [Hutchinson Community Foundation](#) grant, making this wonderful addition possible for our community at no cost to the library.

The mural gives visitors—especially our younger readers—something new to discover and enjoy. It's a great reminder that our library is more than just books; it's a place where imagination, learning, and community come together.

Be sure to stop by the Buhler Public Library at 121 N. Main Street to see the mural for yourself—and while you're there, grab a book and stay awhile!

A big thank-you to Mindy Allen, the Hutchinson Community Foundation, and everyone who helped bring a little more color and imagination to Buhler!

KEYNOTE SPEAKER

Mark Mayfield

Join us as we welcome Keynote Speaker Mark Mayfield for the next installment of our **Soil & Soul** series.

Raised on a hog and cattle operation and serving as a former National FFA President, Mark brings a unique blend of agricultural roots, life experience, humor, and wisdom. As the author of "I'm Not Okay, You're Not Okay, and That's Okay", he shares an honest and refreshing perspective on mental health, resilience, and navigating life's challenges.

Prepare to laugh, reflect, and leave inspired with practical insights for both personal and professional growth.
