CONSERVATION COMMISSION

NOTICE

The Mass Leads Act of November 2024

To whom it may concern,

On November 20, 2024, Massachusetts Governor Maura Healey signed the “Mass Leads Act” (the Act). This comprehensive economic development bill includes provisions to extend the life of land use permits, including but not limited to many permits issued by the Cheshire Conservation Commission.

For more information regarding this Act and how it may affect your permit or application, please see page two (2) of this Notice, titled: “A Third Permit Extension Act is Enacted”, provided by the Massachusetts Association for Conservation Commissions, which briefly summarizes the impact of this Act on Conservation Commission permits throughout the state.

The Cheshire Conservation Commission welcomes any questions that you may have regarding the Act and how it affects your permits. Our contact information is provided below.

Regards,

03.06.2025
