

Participate in planting the beach ends

The Beautification Committee would like to offer community members an opportunity to participate in planting the beach ends. Some residents have offered to “adopt” a beach end and cover the cost of replanting it. We will be happy to support this effort with guidance as to which plants thrive best in these conditions and the color selections that will help maintain uniformity at the beach entrances and along Ocean Boulevard.

Please feel free to contact me directly or through the Village Office. Your help would be greatly appreciated.
