## Important Message from the Village of Atlantic Beach

Islamic terrorists have declared Friday, October 13th, as a day of worldwide Jihad. I have been in constant contact representatives of the 4th Precint and they assured me there are no specific threats to Atlantic Beach or any of the surrounding communities but They asked us to remain extremely vigilant. The Police Department will be deploying additional resources and enhanced security measures at all houses of worship and schools.

It is now more important than ever to remember that “IF YOU SEE SOMETHING, SAY SOMETHING”.

They have urged us to report any and all suspicious activity, loitering, and unclaimed parcels to 9-1-1. Please remain safe and vigilant during these most difficult times.
