

Town of Neenah

Today

Public Hearing
and Meeting of Town Electors
Nov. 9th, 7pm for 2016 Budget

Vol.18, issue 3 Fall 2015, 1600 Breezewood Lane, Neenah-920 725 0916

Website: www.townofneenah.com, email:tnneenah@tds.net

CHAIRMAN'S CHATTER:

**Town Chairman
Bob Schmeichel**

"Whosh"... and there it was... gone...summer !

But the fun of the fall lies ahead with it's fresh autumn mornings, festival of fall coloramas, and cheering on our favorite football team..."Go Pack Go".

Speaking of this past summer, we did accomplish a number of positive undertakings in 2015. The first and second phases of reconstructing South Park Avenue here in the town have been successfully completed. Thank you for your patience during

construction of this roadway. Also the City of Neenah's section of Muttart Road running from the Town of Neenah's maintenance line west to the intersection at Dixie Road has been resurfaced. That stretch of road was in need of repair for some time and through joint efforts of both the city and the town this section of road has been refurbished. I would like to offer a "Thank You" to the City of Neenah for their cooperation in coming together with the Town, and signing agreements that brought completion to Muttart Road resurfacing and the completion of South Park Avenue from the intersection of Bell Street/Maple Lane south 150 feet.

We have also completed "chip sealing" of 21 town roads. Although the summer temperatures during this time have brought concerns

by some, this best maintenance practice is effective for 7 - 10 years. It stops water from seeping through the surface and damaging the pavement and road base. It costs far less to apply chip seal to the street surface than to fix the street edges and base due to damage caused by too much water seepage. Your understanding and patience is appreciated.

Another positive issue that we are have been addressing in 2015 is our town ordinance of Junked Motor Vehicles. Here too, I want to thank the residents who have helped in this effort and especially those residents who have since complied with this town ordinance.

And now for the part I know you all have been waiting for...my parting "Fall Fun Facts" : During the fall, in response to colder temperatures and less light; leaves stop producing chlorophyll, the green pigment that helps capture sunlight to power photosynthesis. As the green fades, the leaves other pigments shine through, such as orange and yellow carotenoids and vibrant red anthocyanin. Some scientists believe global warming could affect autumn colors. As the world warms, leaves may delay changing their colors. Additionally, trees may not use their sugars to create red pigments; rather, they might send that fuel to growing new twigs. Global warming may also alter the habitats of trees, such as the sugar maple, which creates some of the most vibrant fall colors.

So...fall is here...enjoy. It is a great time of the year!

Bob Schmeichel
Chairman

NEW SPEED LIMIT ON SOUTH PARK AVENUE - 25 MPH

In light of the freshly asphalted and improved South Park Avenue along with the on-street trail, the speed limit on South Park Avenue has been reduced to 25 MPH from County Rd A north to the Bell Street / Maple Lane intersection. New speed limit signs will be installed soon and the Winnebago County Sheriff's Department will be monitoring the area.

Meet Your Town of Neenah Fire Department:

Chris Plier

Home: Neenah
 Firefighter since: 2004
Position on the department:
 Lieutenant
Age: 47
Family: Wife Dawn, Son Johnathan,
 Step-son Steven
Address: 1651 S Park Ave

Education: Neenah High school graduate 1986, Fox Valley Technical College: Firefighter 1 and 2 state certifications and First Responder certification (EMR)

Hobbies: Duck and deer hunting and a little fishing

Full Time Employment: Welder at Pierce Manufacturing Inc.

Why do you like being a Firefighter: Being a firefighter gives me a chance to give back to the community. To help others in an emergency as well as non-emergencies is an honor.

Most memorable firefighting experience: I would have to say that the most memorable is the first structure fire that I went to. This was a garage fire that extended into the attic and I had to go up the ladder in full turn-out gear with a charged hose line and extinguish the fire.

Why I like being a First Responder: The best thing about being a first responder is that we are the first ones to arrive on scene when people are typically at their worst and by giving support, compassion, and sometimes a little laughter helps them to get through. You just get a good feeling about helping and that makes me a better person.

Arlen Belisle

Home Town: Roberts, Wisconsin
 (Western Wisconsin)
 Firefighter since: 2008
Position on the department:
 Lieutenant
Age: 43
Family: Kalene-Wife, sons Fletcher,
 Cody , Austinn

Address: 1725 Country Road O

Education: High School, Military, Vocational/Technical

Past Community Involvement: Served in the Army Reserves for 8 years-1989-'96

Hobbies: Running, hunting, fishing, gardening, small engine repair, motorcycling, sports, etc.

Full Time Employment is: Account Manager at Werner Electric Supply since '96

Why do you like being a Firefighter: I like being Firefighter to help and protect the people in our community when disaster strikes. Fires, bad weather, etc.

Most memorable firefighting experience: My most memorable experience would be my first time training with live fire on air. Just learning the aspects of fire behavior, thermal layering, and feeling the "heat" for the first time and learning to trust our protective gear is something I will never forget.

Why I like being a First Responder: I like being a First Responder because it provides numerous opportunities to be there and help members in our community when they are in one of the worst times of their lives. I think putting to use the extensive training we go through is rewarding when we can consider the calls we go on successful.

Town of Neenah Fire Department First Responders

Both Chris and Arlen are cross trained to handle medical emergencies and are certified by the State of Wisconsin as EMR's, Emergency Medical Responders, commonly referred to as First Responders. First Responders are dispatched whenever 911 is called for a medical emergency and arrive along with Paramedics from Gold Cross Ambulance Service.

Town of Neenah First Responders complete a full semester of classroom training along with a written and practical exam before they can be certified by the State of Wisconsin to treat patients. They must also complete a National Registry exam and then re-certify every two years with another 24 hours of refresher training. This training ensures that you will receive the very best care should you have a need for emergency medical care.

Chris and Arlen are part of a group of 10 First Responders on the Fire Department staff who are on call 24/7/365 and respond to close to 100 medical incidents each year.

We certainly appreciate their dedication and service to citizens of the Town of Neenah.

The Good Ol' Days

By Supervisor Glenn Armstrong

Annual Meeting – April 3, 1883

Meeting was held this day in the store room of Hans Nelson in the City of Neenah. A request was made by the cities of Neenah and Menasha and The Town of Menasha that the Town of Neenah raise \$25.00 to be added to a common fund, for the purpose of repairing the fence around the old cemetery. Motion carried. Motion made to raise \$75.00 for gravel for highway. Motion lost.

Annual Meeting – April 7, 1885

The committee on surveying the town and establishing permanent landmarks report as follows:

- The County Surveyor of Winnebago County G.A. Randall offers to do the work as the law requires for the sum of \$225.00. H.W. Leach, former county surveyor, offers to do the same for \$390.00.

Annual Meeting - April 6, 1886

It was resolved that \$50.00 be appropriated by a special tax to be divided equally among the road districts, according to taxable property, for the purchase of gravel for the roads of the town.

Annual Meeting – April 7, 1887

Motion made and carried to raise \$300.00 for gravel. Motion made and carried to allow each road district to draw all the gravel they want. The price is not to exceed 10 cents per load.

Motion made and carried not to allow persons to hunt on any farm in the town without permission from the owner. The penalty was fixed at \$5.00 per offence (sic).

Budget Workshops

Town of Neenah 2016 Budget Workshops will be held:

Wednesday September 23rd at 7:00 pm

Thursday October 8th at 9:00 am

Thursday October 22nd at 9:00 am

**VOTER PHOTO I.D.
Will be required to vote
beginning in 2016!**

Upcoming elections:

- 2016 Spring Primary
February 16, 2016 (if required)
- 2016 Spring Election
Presidential Preference Election
April 5, 2016
- Fall Primary
August 9, 2016
- General Election (Presidential)
November 1, 2016

Do you have a Voter ID?

Acceptable IDs include:

Wisconsin driver's license or
Wisconsin State ID, military ID issued by
U.S. Uniformed Services, and a U.S. passport.

How to get a Voter ID

Be prepared in 2016 to show Voter Photo ID when you vote. The Wisconsin Department of Transportation provides free State ID cards for voting, even if you do not have a birth certificate. That process can take time, especially for people born outside of Wisconsin, so get started early. More information is available at the Government Accountability Board (GAB) website:
www.gab.wi.gov/node/1917

Budget Hearing Set For Nov. 9th

A public hearing for the Town of Neenah's 2016 budget will be held at 7:00 pm on Monday, November 9th, at the Town Hall. A meeting of the Town Electors will immediately follow the hearing for the purpose of approving the Town tax levy and the 2016 highway budget.

Cell Tower Litigation Update

Shortly after the cell tower lease was approved by the Town of Neenah, both the Town and cell tower company were served with a lawsuit. The circuit court dismissed the case in April 2015 but the plaintiffs have decided to appeal that decision. The case remains in the court of appeals process and will likely take several months before a decision is made. In the meantime, the cell tower is in place and the Town continues to receive rental income each month from the lease agreement.

Renew Our Waters

Every choice counts.

Leave your Leaves on Land

Fall leaves provide beautiful color on trees, but in local waters they contribute to green algae blooms - not so pretty.

Cleaning up your yard in the fall properly will help keep our local waters clean too! Read these tips. Post this sheet in your garage near your rakes. Working together to keep leaves out of the storm drain and out of local waters will help keep green on the land and out of the water.

KEEP YOUR LEAVES ON YOUR PROPERTY

A great way to make sure leaves do not end up in local waters is to keep them on your property!

Mulch leaves in place by making several passes over the leaves with a mulching mower. This will keep leaves on your lawn and provide it with nutrients it needs for healthy grass next spring.

Composting is recycling your lawn trimmings and turning them into a valuable resource for your garden or houseplants!

Collect leaves and spread them in garden beds or under shrubs. Here leaves provide valuable protection for plants through the winter.

COMPOSTING

Composting is recycling your lawn trimmings and turning them into a rich soil, known as compost - a valuable resource for your garden or houseplants.

Cold composting requires little maintenance but can take up to 2 years to complete. To create a cold

compost pile, mix non-woody yard wastes and let them sit.

Hot composting requires regular maintenance such as turning and watering. Typically, compost can be reached in 1-3 months. To create a hot compost pile, layer or mix roughly equal amount of high nitrogen "Greens" (wet and soft materials, like grass clippings) and high-carbon "Browns" (dry and woody, like dead leaves) with 10% bulky materials (wood chips) to keep the pile loose.

All materials in the pile must stay moist, but not soaking wet. Add water to maintain conditions conducive to the composting process. Turn the pile often.

RAKING & COLLECTION

If you decide to collect your leaves for removal from your yard, follow your community leaf collection policies and schedules. Put a tarp over leaf piles between pick-up times to prevent them from blowing away. Remove leaves and debris from the gutters and storm sewer outlets.

Stormwater is rain or snowmelt and water from things people do, like overwatering the lawn or letting fertilizer fall into the street drain. We can choose products carefully and shape our lawns and pavement so water sinks in. When we do, runoff is reduced, pollutants filter out and streams and groundwater are protected.

Untreated runoff is the biggest threat to our nation's water quality, according to the U.S. Environmental Protection Agency. Let's make the small, important changes that will reduce that threat and improve water quality and our lives!

Realize

What touches the ground enters the water

Clerk's Corner:

Town Clerk
Ellen Skerke

Town Board meetings are held the second and fourth Monday of the month, 7:00 pm at the Town Hall. Agendas are posted on the Town of Neenah website, on the posting boards located at Town Hall, at Conservancy Park and Oakridge Place. Minutes of each meeting can be found on the website. Some of the highlights include:

May 2015

- Accepted South Park Avenue Road Reconstruction Intermunicipal Agreement between Town of Neenah and

City of Neenah and passed Resolution 2015-08 - Acceptance of Jurisdictional Transfer of 150 feet of South Park Avenue from the City of Neenah to The Town of Neenah.

- Reviewed Board Liaison Assignments
- Appointed Don Nussbaum and Pete Weyenberg as Plan Commissioners, Bill Keepers, Anne Neer and Jim Pawlowski to the Parks and Trails Committee and David Bluma as Weed Commissioner.
- Passed Resolution 2015-07 regarding Town of Neenah Noxious Weeds.

June 2015

- Approved Muttart Road Reconstruction Intermunicipal Agreement Town of Neenah – City of Neenah
- Approved Application for Liquor and Tobacco Licenses HJR LLC: Class A Beer, Class A Liquor, Cigarette and Tobacco Products

- Approved Amendment of Ordinance 2.02(3) - Posting of Official Public Notices: Town Hall, Conservancy Park, Oakridge Place and Sunset Terrace by the pond
- Discussed various options regarding County CB / Oakridge Road Intersection.
- Approved Application for Liquor and Tobacco Licenses:
Green Valley Investments, LLC: Class B Beer, Class B Liquor.
- Accepted Fire Fighter Application: Justin Schott.
- Approved Intergovernmental Agreement to Satisfy Eligibility for Recycling Consolidation Grant for Calendar Year 2016

July 2015

- Approved Property and Casualty Insurance Renewal Proposal.
- Approved Affidavit of Correction for Rolling Heights Plat.
- Fire Chief Ed King presented the second quarter report.
- Approved Resolution 2015-09 Regarding Management of Lake Winnebago.

August 2015

- Approved Purchase of New Election Equipment.
- Accepted Resignation of Fire Fighter Patrick Lukaszewski.
- Approved TNSD#2 Commissioner Appointment – Russel Gossen.
- Discussed Junked Motor Vehicle violations.
- Discussed 160 Rickers Bay Road Nuisance Violation.

The Parks and Trails Committee, along with the parks maintenance contractor, Springhetti Landscaping have made several improvements to the Town parks and trails through the season including new aluminum bleachers at Franzoi Park and Keating Park and a newly planted tree at Mahler Park. The old unused drinking fountains and grills were removed from Mahler Park. Franzoi Park's play equipment received fresh coats of stain/paint as needed. The trails at Franzoi and Keating were cleaned up. The walking trail on Cty. Rd CB is scheduled to be seal coated, weather permitting, before the cooler fall weather is upon us. The prairie at Conservancy Park is maturing beautifully.

We Need You! The Parks and Trails Committee is seeking volunteers to fill two vacancies. The committee meets the first Monday of the month from April thru October to discuss the maintenance needs and improvements of the parks and trails. Interested? Join us on October 5th, 7:00 pm at the Town Hall for the last Parks and Trails Committee meeting in 2015 to learn more about it. Contact Bob Schmeichel at 729-5995 or Ellen Skerke at 725-0916 for further information.

WisDOT Wetland Mitigation Site

Last fall, WisDOT purchased 35 acres of land from the Town of Neenah for a wetland mitigation site. In September they began work on the project which is scheduled to be completed by the end of October. Work will consist of removing or rendering the existing drain tile inoperable and diverting flow from an existing drainage channel, which currently flows along the west and north side of the property boundary, through the site and through an existing reinforced concrete box culvert below County Road O/North Street in order to create a wetland site. Additional excavation adjacent to the proposed drainage channel will provide a flood fringe and create environment suitable for wetland and upland buffer species. Rough grading around the south and east borders of the site for a future pedestrian trail is also included. Several, existing, mature ash and oak trees at the site will be incorporated into the project. Following the proposed excavation and grading operations, the site will be planted with wet meadow, shallow marsh, and upland buffer seeding mixes to create wetland communities and buffer areas.

Seeking Election Officials

2016 will be a busy year of Elections. The Town Clerk is seeking people interested in becoming an Election Official to staff the polling place on Election Day. Polls are open from 6am-8pm. Election Officials are paid a stipend and work a full shift or a half day shift.

Election Officials are required to attend training before an election. Training sessions are typically held in the Town Hall and facilitated by the Town Clerk.

Duties include:

- Open the polling place
- Register voters
- Issue ballots
- Record who votes
- Monitor voting equipment
- Count the votes
- Complete Election Day forms
- Tally Write-in votes
- Close the polling place

Contact Ellen Skerke Clerk-Treasurer at 920-725-0916 or tnneenah@tds.net to complete the GAB-403 form.

Common Sense Guidelines When Burning This Fall

As the days of summer slowly fade away and the temperatures slide in the wrong direction, many of us may be doing a number of clean-up chores around the yard this fall. Many of those chores may involve the burning of yard debris. Here are some common sense guidelines that you may want to keep in mind.

1. Never burn garbage, plastic, roofing materials, vinyl siding, tires or other products that may contain petroleum products. All of these items are prohibited by the Wisconsin Department of Natural Resources and violate Clean Air Regulations. Fines can be very costly when the DNR is involved in a burning complaint.
2. Avoid burning grass clippings. The smoke from grass clippings is normally very thick and will more than likely upset those living nearby. Leaf burning is also something that should be avoided if possible, as leaves smolder for long periods of time and the smoke can also cause concerns for your neighbors.
3. Avoid creating large piles of materials to be burned and avoid burning after dark. Large fires can cause concerns to those residents that may see a fire in the distance. During nighttime hours, fires are obviously visible from greater distances. Keeping this in mind will avoid calls to 911 and having the Fire Department dispatched to investigate. If the fire is large enough and viewed as unsafe, the fire will be extinguished.
4. Burn only when there is little or no wind. Any breeze can carry burning embers from a fire a significant distance and cause issues for other residents. Our guideline is there should not be any burning when winds are greater than seven (7) miles per hour.
5. Keep all fires, including recreational fires, away from all buildings, automobiles, boats or camping equipment. Each year the Fire Department responds to larger fires caused when a small fire involves other materials that are close by.
6. When you are burning, the fire must be tended at all times. Failure to tend a fire is a violation of the Town's Burning Ordinance and will cause the fire to be extinguished by the Fire Department.
7. **Never use an accelerant to start a fire.** Using a flammable liquid like gasoline can cause a fire to actually explode into flames and can cause serious injury to anyone starting a fire or those nearby.
8. Be sure to contact the non-emergency number for the Winnebago County Sheriff's Department and provide your name and address and let them know you are performing a "controlled burn". Please be sure to let them know when you are finished with your burning as well.

1600 Breezewood Lane
Neenah, Wisconsin 54956

REGULAR MEETINGS

Regular meetings are held at the Town Hall beginning at 7PM. Special meetings may be held on other days and times.

Town Board of Supervisors

2nd & 4th Mondays

Town Plan Commission

3rd Monday

Town Parks & Trails Committee

1st Monday April through October

- **BURNING:** Burning is permitted in the Town of Neenah, but the Fire Department requests that you use common sense (dryness and wind are always factors to consider) and that you call the Winnebago County Sheriff's office non-emergency number (236-7300#0) before and after burning to avoid false alarms. Please be considerate of your neighbors when burning, making sure that smoke isn't blowing in their direction. Burning garbage is prohibited as well as any petroleum-based products.
- **MINUTES AND AGENDAS:** Town minutes and agendas are posted on the Town website www.townofneenah.com and are also available at the Town Hall during regular business hours.
- **ADDRESS SIGNS:** Homeowners are responsible for maintaining the emergency address signs placed in front of their homes by the Town. Assure that the sign remains visible by keeping brush and snow away from the sign. Also, do not remove or relocate the sign.
- **OBSTRUCTING RIGHTS-OF-WAY AND DRAINAGE DITCHES:** You cannot place a fence, greenery, or anything else in the Town's road right-of-way. No part of a mailbox should extend over the paved portion of the road. In addition, culverts, and drainage ditches must be kept clear of obstructions and must not be filled in. If you have a question about water drainage issues or the right-of-way, call Town Chairman Robert Schmeichel.
- **BUILDING PERMITS:** All building permits are issued by Building Inspector Gary Klinka (727-9200). Permits are needed to construct a fence or to build a deck. If you aren't sure you need a permit, check with Gary.
- **DEER/WILDLIFE/STRAYS:** The Town has no authority to handle wildlife problems. If you see a dead animal on the road, or have lost or found a pet, call the County Sheriff at 236-7300#0. If you have wildlife problems, call a pest/wildlife service.
- **RECYCLING/TRASH:** All Town recycling is picked up every-other-week, depending on where you live. All recyclables to be picked up must fit inside the container provided by Advanced Disposal. They will not pick up bagged or boxed items, or recyclables in other containers. Please do not wrap with string or place anything inside plastic bags. Electronics, waste oil, and other materials may not be placed with your recyclables or trash. When leaving containers curbside, lids must be closed to keep items from blowing away when containers are emptied.
