SISTER BAY PROJECT CHECKLIST

Before ANY applications will be considered this Permit/Application form must be completed and the following documents must be submitted to the employees in the Village Administration Office.
(The only exception will be “Early Start” Permits)

- **The Attached Wetland Acknowledgment must be completed and signed by the property owner.**
- **Site Plan**, showing location of all existing and proposed structures with setback distances depicted on the plan. A recent or updated survey may be required after initial review by Staff.
- **Architectural Plan**, showing all 4 sides of the building, as it will be constructed. Renderings need to be in color and ACTUAL SAMPLES OF COLORS AND MATERIALS MUST BE SUBMITTED.
- **Landscaping Plan**, showing location of all plants, landscaping features, fences, or accessories. A plant species list should be attached and referenced on the plan.
- **Parking Plan**, showing location of all parking improvements, pavement markings and signs and the number of parking stalls which will be provided.
- **Lighting Plan**, showing location of all exterior lights. Copies of proposed fixtures should be attached, with a calculation of lumens of output from the fixtures. All plans must conform to the Village's performance standards section of the Zoning Code regarding light trespass. Approval by the Plan Commission and/or staff does not constitute an engineering approval, and lights found to be in violation of the Village Code will be required to be removed or replaced at the owner's expense regardless of any approvals received from the Village.
- **Drainage Plan**, lots in excess of 1 acre will need to meet State of Wisconsin standards, and require engineering approval. Lots less than 1 acre in size will be evaluated on a case by case basis by staff, and, if appropriate, approved by the Plan Commission.
- **Floor Plans including a foundation plan**
- **Building Plans, showing the interior of the proposed structure. These plans include HVAC, plumbing, and electrical plans.**
- **For New Construction – A Complete Water & Drainage Fixture Unit Listing Must Be Provided** – A licensed plumber will need to evaluate your plans, and submit a complete Water and Drainage Fixture Unit List, so that REU calculations can be made by the Utilities Director. Any and all impact fees must be paid and a final Utilities inspection conducted before a water meter will be installed.
- **For Remodeling Projects** – *Before any permits will be issued* a licensed plumber will need to evaluate your plans, and submit a complete Water and Drainage Fixture Unit List so that REU calculations can be made by the Utilities Director. Any and all impact fees must be paid before any remodeling commences.
- **Other plans as requested by Village Staff.**

PLEASE SEE THAT THE REQUIRED FEE IS SUBMITTED ALONG WITH YOUR ZONING PERMIT APPLICATION. IF YOU HAVE ANY QUESTIONS REGARDING WHAT THAT FEE WILL ACTUALLY BE, PLEASE CONTACT THE ADMINISTRATIVE ASSISTANT, AT 920-854-4118.

Thank you for your anticipated cooperation.

If you have any questions regarding impact fees please call the WWTP at 920-854-2246.

If you have any questions regarding Building Permits please call the Building Inspector at 920-495-3232

WETLAND NOTICE AND ACKNOWLEDGEMENT

According to 2009 Wisconsin Act 373, no permit may be issued until the property owner signs the statement below acknowledging that s/he received the following notice:

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the Department of Natural Resources wetlands identification web page at <http://dnr.wi.gov/wetlands/locating.html> or contact the Department of Natural Resources service center.

By signing this form, I acknowledge I have received this notice.
