

## TAFT AVENUE - 2024

**On Friday, July 12th, local farmers and the Town of Plover collaborated to lay over 2,000 tons of gravel on a mile long section of Taft Avenue. This is the second summer that the farmers and the Town have engaged in this joint project to add more material to the surface of Taft Avenue. This year the following farmers contributed 9 trucks and drivers:**

**Hamerski Farms**

**Mortenson Brothers**

**Okray Family Farms**

**Worzella and Sons**

**Wysocki Farms**

**In addition to the help from the farmers, 5 trucks and drivers were hired by the Town to haul gravel from the Arnott gravel pit to Taft Ave. In total, 113 round trips were made between the gravel pit and Taft Avenue in a seven-hour time period. We look forward to working together again in the future to improve our rural roads. This collaboration allows us to expand the amount of road that can be improved within our budget constraints.**

**Our Clerk/Treasurer, Patricia Weller, keeping track of the trucks as they weigh in before leaving with their load of gravel:**

**Truckloads of gravel as they are being dumped on Taft Avenue:**

**Our Town employees as they direct the spread and grade the surface with the additional gravel layer.**
