

Harpers Ferry Water Works is pleased to announce that water main lines will be replaced on Gilbert Street beginning June 4.

Your water service will be interrupted overnight Sunday June 7 into the morning of Monday June 8 for approximately 4 hours beginning at 10:00 pm. This work plan is subject to change due to weather or unexpected issues that may arise.

You will need to boil your water for drinking and cooking after the service is restored until further notice. HFWW will notify you of any updates as they become available.

Residents can expect traffic control in the cross section of W Washington St at Gilbert and Gilbert Street.

Once service is restored you will be required to boil your water until further notice. HFWW will notify you of updates as we receive them.

Please take this time to have extra water on hand for drinking and make appropriate preparations.

*If you receive a notification, please pay close attention during this time to stay informed.
If you have any questions, please do not hesitate to contact Harpers Ferry Water Works at 304-535-2206 option 1*
