HIGHWAY OBSTRUCTIONS

Pushing snow or other materials onto or across highways from private driveways often causes hazards to the traveling public, and is prohibited by Wis. Statutes 86.01, 86.07 and 346.94. For safety reasons, and to permit reasonable and prompt maintenance on town highways, we must report all violations. Mailboxes become a problem during snow removal. For safety reason, and to avoid damage, the nearest part of the box should not be closer to the traffic than the shoulder line. The box and post should also be strong enough to withstand the flying snow and slush from traffic and snowplows. The Town of Cato will not be responsible for replacement for any mailbox due to snow removal activity. Private driveways will not be plowed due to the time needed to do the work and difficulty and potential liability in plowing some driveways. Private driveways will be plowed only if access is needed in an emergency or fire.
