******* IMPORTANT. PLEASE NOTE *******

Customer must make prior arrangements or be available at the time of service connection to meet with the water department personnel in order to install the water meter.

Water Meter Conditions and Responsibilities:

The water meter is the property of the Water Department and is subject to inspection whenever the integrity of the meter has been compromised, when the meter is not registering or when we find any other malfunctions with the meter. It is the customer's responsibility to protect this meter from damage due to inclement weather and to protect the meter from potential physical damage. It is advised that any meter that is changed by the Water Department, that was previously winterized, **must be protected from the cold by the owner**. If your meter was insulated and needed to be changed, you must re-winterize the meter after the meter has been replaced.

Please read before signing below

I hereby give permission to the Calais Water Department to check any or all references listed below, and should the Water department deem it necessary, I also give permission for the Water Department to check my credit standing with any credit agency or other utility they might select.

I understand that I am applying for water service to be furnished in accordance with Calais Water Department applicable rules and regulations as filed with and approved by the Maine Public Utilities Commission. I agree to pay for each water service in accordance with the Water Department's applicable rate schedule. I understand that if my balance remains unpaid for more than 30 days after the billing date, it may be submitted to a collection agency or small claims court. If this occurs, I will be liable for the court fees and costs of collection. A fee equal to 30% of the balance due will be added to the total when sent to collections.
