

Raze Waiver

Date:

This form letter serves as a waiver and to inform the Property Owner, General Contractor or their Representative:

Owner Name:

Contractor:

Project: address:

Tax Key:

That all hazardous, toxic, or obnoxious material including but not limited to lead, asbestos, and mold be handled, removed, transported, disposed of, or remediated per all local state and federal regulations.

The water supply/well and sanitary systems must also be protected or sealed per local, state, and federal regulations.

It is the responsibility of the owner/contractor to notify diggers hotline and all utilities that serve the property.

All other utilities gas/propane, electric, and any others must be disconnected per the supplier's recommendations.

This form releases the Town of Barton, and JP Building Inspections LLC (Jeremy Pfeifer-Owner/Member) of any liability involving the razing of above property.
