

TOWN OF BARTON NEWSLETTER 2024

3482 TOWN HALL RD, KEWASKUM WI 53040

PH 262-334-2765 | FAX 262-334-4171

NEW FOR 2024 TAX INFORMATION

Property tax payment information will be “real-time” which means as soon as your payment posts it will be visible online. You can view and print a receipt by entering the following web address into your internet browser:

www.washcowisco.gov/departments/county_treasurer

- Mail your taxes to the Town Hall or place in the Town Hall drop box on the wall (left of the front door)
- **Credit Card payments can be made on the landrecords.washcowisco.gov/LandRecords website. Convenience charges will vary.**
- **Taxes can be paid at Newburg State Bank both locations. Bring your tax bill.**
- Please include your phone number and/or email with your payment so we may contact you, if necessary.
- The Treasurer will accept in-person Tax payments by appointment only.
- Only Checks or Money Orders will be accepted forms of payment. NSF checks will incur a \$40 fee.
- Property Tax receipts will not be sent to you unless you enclose a stamped, self-addressed envelope with your initial payment.
- Refunds of \$5.00 or less will not be refunded.

DOG LICENSES

State law requires dog licenses and verification of rabies vaccine.

- The Town dog license application form allows for listing up to three dogs.
- Attach a copy of each dog's rabies certificate to the annual application.
- Dog license application fees must be paid with a separate check. Do not include dog license fees in your Property Tax check.
- If you submit your dog license application after March 31 add a \$5.00 late fee for each dog.
- Enclose a stamped, self-addressed envelope with your dog license application for the new license and tag(s) to be returned to you.

WINTER ROADS SNOW REMOVAL

Wisconsin State Statutes and Town Ordinance require that snow from your property is not to be plowed, moved, or blown on or across a roadway into the Town's Right-Of-Way. Citations may be issued for violations.

Plow truck drivers have limited visibility in their snow removal operating environment. Plow trucks typically operate at speeds of 15 mph or less. Be aware of the following safety precautions:

- Do not follow closer than 200 feet behind a snow plow truck. Plow trucks may make sudden stops. This distance will also help avoid having your car sprayed with rock salt.
- Very often a snow plow truck will be driving over the center line during plow operations. When approaching a plow truck slow down to 5 mph to allow time for the plow truck to move over and pass with sufficient clearance.
- Do not allow children to play near the road or in the road right-of-way. During plow operations the driver's visibility can be impaired by blowing snow. Additionally, snow is thrown from the plow blade with significant force into the road right-of-way. Consider the road right-of-way to be an additional distance of 17 feet from the road's edge.

Should a snow plow hit and damage a mailbox the Town will reimburse the owner a maximum of \$25.00. No reimbursement will be made for damage caused by the force of snow being thrown from the snow blade.

The road right-of-way must be kept unobstructed and may not be used by the resident for erection of fences, buildings, landscape plantings, rock walls, seasonal decorations or signage. The Town may remove any of the above noted obstructions from the road right-of-way at property owner's expense

FIRE SIGNS

As directed by Town Ordinance, the blue and white numeric fire signs are authorized and specifically located and placed by the Town. **These signs are not to be moved, altered, decorated, or obscured in any way. There is a penalty should a sign be tampered with or moved.**

TRANSFER STATION

Normal Saturday hours of operation

November thru April - Noon to 4:00pm

May thru October - 8:00am to Noon

No Special Holiday adjustments for the Transfer Station operations during December 2024 or January 2025

Transfer Station usage requirements:

- No trash drop-off outside of posted hours.
- Only bagged household trash allowed.
- Cardboard for recycling must be flattened and placed in the farm wagon.
- No electronic devices are accepted.
- No appliances, furniture, building materials, rolls of carpet, or hazardous waste.
- To help support the Good Luck 4-H Club please drop your aluminum cans in their separate bin.

BRUSH CHIPPING

For 2025 residential brush chipping service will be available from May through October 13th . To arrange for chipping **call TOWN HALL at 262-334-2765, leave your name, address and phone number.** The rules for limited residential chipping services are as follows:

- Pile branches with cut ends facing the road edge placed 2 feet away from the road edge.
- Each pile should not exceed 2 feet in height, 4 feet width, and 8 feet in length. Multiple piles should be separated by 2 feet of clear space.
- The maximum diameter of a branch is 4 inches.
- Trim forks on heavy branches.
- If you would like to have a load of chips, contact the Town Hall
- **If you hire a tree service, that tree service must remove all brush and trees they cut.**

BURNING PERMITS

The Chairman or any Town Supervisor may issue a burn permit to a property owner in the Town to burn only the following: brush, leaves, pine needles, grass, clean wood, unrecyclable paper and cardboard. Obtaining a burning permit will inform various agencies of a burn location to reduce responses to false-alarms and subsequent property owner charge-backs for agency expenses (typically \$3000).

Having a burning permit **does not** relieve you of responsibility if a fire gets out of control due to carelessness or negligence. An out-of-control fire that requires outside assistance will be very expensive for the

property owner (\$3000). Burning without a permit may result in a \$100 fine.

Follow these Burning Permit steps:

- Call the Town Chairman or a Town Supervisor to obtain a Burning Permit. Consideration will be given to wind conditions, weather, and drought status. This will be a verbal approval to burn on a particular date.
- On the Date you requested to burn, call the Washington County Sheriff's non-emergency number **262-335-4420** to inform them that you will be burning and have obtained the required permit.
- Ensure the fire remains at a manageable size, supervise the fire at all times, and ensure you have a means of extinguishing the fire should it get out of control.

Burning barrels with screen covers are allowed without a burning permit.

PHONE NUMBERS

Chairman Kris Turner	262-808-9020
Supervisor Mike Dricken	262-338-6388
Supervisor Clay Eggie	414-755-9025
