1. *Addendum to March 2021 Report**

20 March 2021.

Received a call from Gary Phillips, DCO for the Town of Ohio. Gary called regarding a Golden Retriever he picked up on Rt 28 in Newport that was wandering in the roadway.

The dog was in poor condition and as there were no tags, Gary determined the dog needed to be taken to the Herkimer Shelter. He called me to ask if it was okay to fill out the animal intake form, and I told him he could.

2. Tuesday, May 4th 2:51pm. Call from Becky Bell, town of Newport regarding 2 large white dogs that wandered onto her property. Drove out to her residence but both dogs had disappeared. She believes the dogs are owned by an Amish family on Cole rd. whose barn can be seen from her backyard. I drove to the farm but was unable to

**find any dogs, nor contact anyone directly. Told
Mrs. Bell to call me if they return.**

End of Report.
