

Dog Control Report 13 September 12 October 2021

Town of Newport, NY

Andrew Topham, DCO

315-404-8447

1. 5 Oct, 6:45 pm Call from John Sweeney, 213 Graves Rd. Reported two dogs, one a Labradoodle and the other an unknown breed that attacked his dog Dru. One of the dogs bit Mr Sweeneys dogs ear, but he was not concerned with the wound, and just wanted to report the incident. Dogs possibly belong to Ashley Warney, 181 Graves Rd. Still investigating.

2. 8 Oct, 9:30 am Call from Marilyn Conley regarding aggressive dogs located at 760 White Creek Rd. Residence of Charles Hayes. Mrs. Conley told me the dogs ran at her in the road while she was talking her morning walk and she was afraid of being bitten. I visited the residence and spoke to Charles Hayes fiancé regarding the dogs. She said the dogs never attacked Marilyn, and in fact because Marilyn made a threatening

comment regarding the dogs, they called and filed a report with the State Police. She said she tried to resolve the issue calmly, but that Marilyn seemed too angry. After further conversation Mrs. Hayes offered to keep the dogs in while Marilyn took her walk in the mornings to avoid any other potential conflict.

End of Report.
