96.01 PURPOSE AND INTENT.

This ordinance is intended to describe the requirements for an establishment preparing and serving food from a self-contained readily moveable vehicle in the city and to regulate the conditions from which the establishment operates within the city for the promotion of business within the city and for the protection of customers and the general public. All mobile food units must comply with this ordinance in order to operate within the city. The purpose of the regulations in this ordinance is to protect the public health, manage potential conflicting uses of the public right of way, and minimize unfair competition with fixed-site prepared food vendors in the community.

96.02 DEFINITIONS.

The following words, terms and phrases, when used in this ordinance, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

- (A) *Gray Water*. Wastewater created through the operations of a mobile food unit, including, but not necessarily limited to, the term's definition in Minnesota Rules, 7080.1100, subp. 37, as it may be amended from time to time.
- (B) *Mobile Food Unit*. Either (i) a self-contained food service operation, located in a readily-movable motorized wheeled or towed vehicle that is readily movable without disassembling, and that is used to store, prepare, display, or serve food intended for individual portion service; or (ii) mobile food unit as defined in Minnesota Statutes, section 157.15, subd. 9.

96.03 PERMIT REQUIRED; APPLICATIONS.

Permits are non-transferrable and must be visibly displayed on the mobile food unit at all times while operating in the city.
- (B) Permit Types. A permit issued by the city under this ordinance will be for one of the following:

- (1) A Seasonal Permit allows mobile food unit operation in the city only between May 1 through October 15 of the year of issuance. This permit applies to those persons who own the property and unit placed within the designated B-1 and B-2 areas set by this ordinance.

- (3) A Regular Permit allows mobile food unit operation in the city for no more than 21 days annually to be placed within the three (3) designated areas owned by the City of Nevis.

Notwithstanding the foregoing, all permits may be reviewed at any time by the city after the commencement of any term to determine whether the permit holder continues to be in compliance with this ordinance.

(C) Permit Application and Renewal. The permit application or any renewal shall be made by the operator of the mobile food unit. Application forms are available from the city and must be completed in full and accompanied by the appropriate permit fee as established by the city council in its fee schedule. Applications must also be accompanied by the following:

- (C) Additionally, any permit requested or issued pursuant to this ordinance may be denied, suspended, or revoked by a city official if the permit holder has violated any part of this ordinance or is otherwise conducting business in such a manner as to constitute a breach of peace, fraudulent conduct, or any other conduct that is prohibited by local, state or federal laws or regulations.
