## Public Works: Don Umthun

2025 is the year we are slated to do a road project. Every 5 years we replace the roads that are in the worst shape. This year's road project roads:

**Village Road, Third Ave from Main St W to County Road 18 W, Church Street behind the Post Office and a concrete valley gutter to be added in the low area by the school that water sits in all year.**

This project is rolled in with the county job of resurfacing County Road 13. The bids will be going out early April 2025 and work will be scheduled for summer/fall of 2025. No date is set but as information comes in Don will relay project schedules to the City Council.

## Council Corner – John Carrier

Spring is just around the corner. Hears hoping everyone has another wonderful summer season.

## Desk of the Administrator

Utility Payments: Thank you to all who have signed up to receive e-statements. This will save the water department many dollars on postage. Did you also know that you can log into the city website: [www.cityofnevismn.gov](http://www.cityofnevismn.gov) and on the home screen there is a button that looks like this:

You can pay for your water and sewer services right from the convenience of your own home without driving into the office.

Yes, I know the weather has been pretty mild these past few weeks, however, the City Dump / Brush pile is not open yet.

Our Planning Commission is now running at full membership. A big welcome to Don Delisi to the Nevis Planning and Zoning Commission.

## Residents:

**If you have any changes or updates to your utility account:**
