6.07 (5)(a) regulates parking along STH 37, US 10, and the downtown business district (as outlined in the attached map) where parking is prohibited during the times stated above. This regulation applies to the following streets:

- a. State Hwy. 37 along its entire route through the city.
- b. U.S. Hwy. 10 along its entire route through the city.
- c. Eau Claire St. from Mill St. to Water St.

- e. Vine St. from Franklin St. to the farthest point east.
- f. S. Franklin St. from W. Main St. to W. Hudson St.

6.07 (5)(b) establishes alternate side parking on all City streets, except the streets listed in 6.07 (5)(a), during the times stated above.

When parking according to alternate side parking, the **date after midnight** is used to determine the correct side.

- On odd-numbered dates, vehicles can only be parked, stopped, or left standing on the side of the street having addresses that end in odd numbers (1, 3, 5, 7, 9). For example, 1025 Smith Street.
- On even-numbered dates, vehicles can only be parked, stopped, or left standing on the side of the street having addresses that end in even numbers (0, 2, 4, 6, 8). For example, 1024 Smith Street.

Any person cited in violation of these provisions shall forfeit \$20.00. If unpaid after 7 days, a final notice will be mailed to the registered owner. If the citation remains unpaid after 28 days, the City will notify the Department of Motor Vehicles to suspend and refuse registration of the cited vehicle.

If you have any questions about these regulations, please contact the Mondovi Police Department or stop into City Hall.
