

TITLE 15

Building Code

Chapter 1 Building Code

CHAPTER 1

Building Code

15-1-1	Building Code Established
15-1-2	Building Permits and Inspection
15-1-3	State Uniform Dwelling Code Adopted
15-1-4	Construction Standards; Codes Adopted
15-1-5	New Methods and Materials
15-1-6	Unsafe Buildings
15-1-7	Disclaimer on Inspections
15-1-8	Regulation and Permit for Razing Buildings
15-1-9	Basements; Excavations
15-1-10	Regulations for Moving Buildings
15-1-11	Fees
15-1-12	General Construction Standards
15-1-13	Penalties

SEC. 15-1-1 BUILDING CODE ESTABLISHED.

- (a) **Title.** This Chapter shall be known as the "Building Code of the Town of Amberg" and will be referred to in this Chapter as "this Code," "this Chapter" or "this Ordinance."
- (b) **Purpose.** This Chapter provides certain minimum standards, provisions and requirements for safe and stable design, methods of construction and uses of materials in buildings and/or structures hereafter erected, constructed, enlarged, altered, repaired, moved, converted to other uses or demolished and regulates the equipment, maintenance, use and occupancy of all such buildings and/or structures. Its purpose is to protect and foster the health, safety and well-being of persons occupying or using such buildings and the general public.

(c) **Scope.**

- (1) New buildings or mobile homes hereafter erected in, or any building hereafter moved within or into the Town, shall conform to all the requirements of this Chapter except as they are herein specifically exempted from part or all of its provisions. Any alteration, enlargement or demolition of an existing building and any installation therein of electrical, gas, heating, plumbing or ventilating equipment which affects the health or safety of the users thereof or any other persons is a "new building" to the extent of such change. The provisions of this Chapter supplement the laws of the State of Wisconsin pertaining to construction and use and the Zoning Code applicable in the Town and amendments thereto to the date this Chapter was adopted and in no way supersede or nullify such laws and the said Zoning Code.
 - (2) This Code applies to all dwellings, commercial buildings/structures, garages, structures, buildings, and residential accessory buildings. Not included are children's play structures and agricultural buildings.
 - (3) These regulations are adopted under the authority granted by Sec. 101.65, Wis. Stats.
- (d) **Building Inspector.** Due to the size of the Town of Amberg, it may not be feasible to find a suitable person willing to take on the responsibility of being Building Inspector on a part-time basis. It is therefore provided that the function of the Building Inspector can be delegated to a committee of the Town Board, to another Town official, or a single member of the Town Board or the Chairperson. An officer other than a Board member or another employee of the Town may also be designated to handle the duties of Building Inspector or part-time basis in addition to the other duties performed by such person.

SEC. 15-1-2 BUILDING PERMITS AND INSPECTION.

(a) **Permit Required.**

- (1) **General Permit Requirement.** No building of any kind shall be moved within or into the Town and no new building or structure, including mobile homes, or any part thereof, shall hereafter be erected, or ground broken for the same, or enlarged, altered, moved, demolished, razed or used within the Town, except as herein provided, until a permit therefor shall first have been obtained pursuant to this Chapter by the owner, or his/her authorized agent, from the Building Inspector or Town Clerk. Prior to commencing any of the following work, the owner or his/her agent shall obtain a valid permit for:
 - a. New buildings.
 - b. Additions that increase the physical dimensions of a building including decks.
 - c. Alterations to the building structure, cost shall include market labor value, or alterations to the building's heating, electrical or plumbing systems.
 - d. Exempted are re-roofing, re-siding, and finishing of interior surfaces, installation of cabinetry, and minor repair as deemed by the Building Inspector. However, unless structural calculations are provided, no more than two (2) layers of roofing shall be installed on a roof.
 - e. Any electrical wiring for new construction or remodeling.
 - f. Any HVAC for new construction or remodeling.

- g. Any plumbing for new construction or remodeling.
- h. Exempt are normal repairs performed in Subsection (a)(1)e-g.
- (2) Alterations and Repairs. The following provisions shall apply to buildings altered or repaired:
 - a. Alterations. When not in conflict with any regulations, alterations to any existing building or structure accommodating a legal occupancy and use but of substandard type of construction, which involves either beams, girders, columns, bearing or other walls, room, heating and air condition systems, arrangement, light and ventilation, changes in location of exit stairways or exits, or any or all of the above, then such existing construction shall be made to conform to the minimum requirements of this Chapter applicable to such occupancy and use and given type of construction.
 - b. Repairs. Repairs for purposes of maintenance, or replacements in any existing building or structure which do not involve the structural portions of the building or structure or which do not affect room arrangement, light and ventilation, access to or efficiency of any exist stairways, or exits, fire protection, or exterior aesthetic appearance and which do not increase a given occupancy or use, shall be deemed minor repairs.
 - c. Alterations When Not Permitted. When any existing building or structure, which, for any reason whatsoever, does not conform to the regulations of this Chapter, has deteriorated from any cause whatsoever to an extent greater than fifty percent (50%) of the equalized value of the building or structure, no alterations or moving of such building or structure shall be permitted. Any such building or structure shall be considered a menace to public safety and welfare and shall be ordered vacated and thereafter demolished and debris removed from the premises.
 - d. Alterations and Repairs Required. When any of the structural members of any building or structure have deteriorated from any cause whatsoever to less than their required strength, the owner of such a building or structure shall cause such structural members to be restored to their required strength; failing in which the building or structure shall be considered a menace to public safety and shall be vacated and thereafter no further occupancy or use of the same shall be permitted until the regulations of this Chapter are complied with.
 - e. Extent of Deterioration. The amount and extent of deterioration of any existing building or structure shall be determined by the Building Inspector.
- (b) Application.
 - (1) Application for a building permit shall be made in writing upon a form furnished by the Town Clerk and shall state the name and address of the owner of the land and also the owner of the building if different, the legal description of the land upon which the building is to be located, the name and address of the designer, the use to which said building is to be put and such other information as the Building Inspector or Town Clerk may require.
 - (2) Building permits for non-structural remodeling and re-siding projects may be issued by the Town Clerk.

- (c) **Plans.** With such application, there shall be submitted two (2) complete sets of plans and specifications, including a plot plan showing the location and dimensions of all buildings and improvements on the lot, both existing and proposed, dimensions of the lot, dimensions showing all setbacks of all buildings on the lot, proposed grade of proposed structure (to Town datum), grade of lot and of the street abutting lot, grade and setback of adjacent buildings (if adjacent lot is vacant, submit elevation of nearest buildings on same side of street), type of monuments at each corner of lot, water courses or existing drainage ditches, easements or other restrictions affecting such property, seal and signature of surveyor or a certificate signed by the applicant and a construction erosion control plan setting forth proposed information and procedures needed for control of soil erosion, surface water runoff and sediment disposition at the building site. Plans, specifications and plot plans shall be drawn to a minimum scale of one-quarter (1/4) inch to one (1) foot [fireplace details to three-quarters (3/4) inch to one (1) foot]. One (1) set of plans shall be returned after approval as provided in this Chapter. The second set shall be filed in the office of the Building Inspector. Plans for buildings involving the State Building Code shall bear the stamp of approval of the State Department of Commerce. One (1) plan shall be submitted which shall remain on file in the office of the Building Inspector. All plans and specifications shall be signed by the designer. Plans for all new one (1) and two (2) family dwellings shall comply with the provisions of Ch. ILHR 20.09(4), Wis. Adm. Code.
- (d) **Waiver of Plans; Minor Repairs.**
 - (1) **Waiver.** If the Building Inspector or Town Clerk finds that the character of the work is sufficiently described in the application, the Building Inspector or Town Clerk may waive the filing of plans for alterations, repairs or moving, provided the cost of such work does not exceed Two Thousand Dollars (\$2,000.00).
 - (2) **Minor Repairs.** The Building Inspector or Town Clerk may authorize minor repairs or maintenance work on any structure or to heating, ventilating or air conditioning systems installed therein with a fair market value of less than Seven Hundred Fifty Dollars (\$750.00), as determined by the Building Inspector or Town Clerk, including market value of labor, which do not change the occupancy area, exterior aesthetic appearance, structural strength, fire protection, exits, light or ventilation of the building or structure without issuance of a building permit.
- (e) **Approval of Plans.**
 - (1) If the Building Inspector or Town Clerk determines that the building will comply in every respect with all Ordinances and orders of the Town, he/she shall issue a building permit which shall state the use to which said building is to be put, which shall be kept and displayed at the site of the proposed building. After being approved, the plans and specifications shall not be altered in any respect which involves any of the above-mentioned Ordinances, laws or orders, or which involves the safety of the building or the occupants, except with the written consent of the Building Inspector.
 - (2) In case adequate plans are presented for part of the building only, the Building Inspector, at his/her discretion, may issue a permit for that part of the building before receiving the plans and specifications for the entire building.
- (f) **Permit Lapses.** A building permit shall lapse and be void unless building operations are commenced within six (6) months or if construction has not been completed within eighteen (18) months from the date of issuance thereof.

(g) **Revocation of Permits.**

- (1) The Building Inspector or the Town Board may revoke any building permit or approval issued under the regulations of this Chapter and may stop construction or use of approved new materials, equipment, methods of construction, devices or appliances for any of the following reasons:
 - a. Whenever the Building Inspector shall find at any time that applicable ordinances, laws, orders, plans and specifications are not being complied with and that the holder of the permit refused to conform after written warning or construction has been issued to him.
 - b. Whenever the continuance of any construction becomes dangerous to life or property.
 - c. Whenever there is any violation of any condition or provisions of the application for permit or of the permit.
 - d. Whenever, in the opinion of the Building Inspector, there is inadequate supervision provided on the job site.
 - e. Whenever any false statement or misrepresentation has been made in the application for permit, plans, drawings, data specifications or certified lot or plot plan on which the issuance of the permit or approval was based.
 - f. Whenever there is a violation of any of the conditions of an approval or occupancy given by the Building Inspector for the use of all new materials, equipment, methods or construction devices or appliances.
 - (2) The notice revoking a building, plumbing or electrical certificate of occupancy or approval shall be in writing and may be served upon the applicant of the permit, owner of the premises and his/her agent, if any, and on the person having charge of construction.
 - (3) A revocation placard shall also be posted upon the building, structure, equipment or premises in question by the Building Inspector or Town representative.
 - (4) After the notice is served upon the persons as aforesaid and posted, it shall be unlawful for any person to proceed thereafter with any construction operation whatsoever on the premises, and the permit which has been so revoked shall be null and void, and before any construction or operation is again resumed, a new permit, as required by this Chapter, shall be procured and fees paid therefor, and thereafter the resumption of any construction or operation shall be in compliance with the regulation of this Chapter. However, such work as the Building Inspector may order as a condition precedent to the reissuance of the building permit may be performed, or such work as he/she may require for the preservation of life and safety.
- (h) **Report of Violations.** Town officers shall report at once any building which is being carried on without a permit as required by this Chapter.
- (i) **Display of Permit.** Building permits shall be displayed in a conspicuous place on the premises where the authorized building or work is in progress at all times during construction or work thereon.

SEC. 15-1-3 STATE UNIFORM DWELLING CODE ADOPTED.

(a) Adoption of Codes.

- (1) The following Wisconsin Administrative Codes and subsequent revisions are adopted for municipal enforcement:

Chs. SPS 316	Electrical Code
Chs. SPS 320-325	Uniform Dwelling Code
Ch. SPS 326	Inspection Certification
Chs. SPS 361	Commercial Building and Heating, Ventilating and Air Conditioning Code
Chs. SPS 375	Multi-Family Code
Chs. SPS 369	Barrier Free Design
Ch. SPS 366	Historic Building Code
Chs. SPS 381-387	Uniform Plumbing Code
Chs. SPS 366	Existing Building Code

- (2) Any act required to be performed or prohibited by an Administrative Code provision incorporated herein by reference is required or prohibited by this Chapter. Any future amendments, revisions or modifications of the Administrative Code provisions incorporated herein are intended to be made part of this Chapter to secure uniform statewide regulation of one (1) and two (2) family dwellings in this Town. A copy of these administrative code provisions and any future amendments shall be kept on file in the Town Clerk's Office.

(b) Existing Buildings. The "Wisconsin Uniform Dwelling Code" shall also apply to buildings and conditions where:

- (1) An existing building to be occupied as a one (1) or two (2) family dwelling, which building was not previously so occupied.
- (2) An existing structure that is altered or repaired, when the cost of such alteration or repair during the life of the structure exceeds fifty percent (50%) of the equalized value of the structure, said value to be determined by the Town Assessor.
- (3) Additions and alterations, regardless of cost, made to an existing building when deemed necessary in the opinion of the Building Inspector shall comply with the requirements of this Chapter for new buildings. The provisions of Section 15-1-2 shall also apply.
- (4) Additions and alterations — Any addition or alteration, regardless of cost, made to a building shall be made in conformity with applicable Sections of this Chapter.

(c) Definitions. The following definitions shall be applicable in this Chapter:

- (1) Addition. "Addition" means new construction performed on a dwelling which increases the outside dimensions of the dwelling.
- (2) Alteration. "Alteration" means a substantial change or modification other than an addition or minor repair to a dwelling or to systems involved within a dwelling.
- (3) Department. "Department" means the Department of Safety and Professional Services, formerly the Wisconsin Department of Commerce (formerly the Department of Industry, Labor and Human Relations).
- (4) Dwelling. "Dwelling" means:
 - a. Any building, the initial construction of which is commenced on or after the effective date of this Chapter which contains one (1) or two (2) dwelling units; or

- b. An existing structure, or that part of an existing structure, which is used or intended to be used as a one (1) or two (2) family dwelling.
- (5) Minor, Repair. "Minor repair" means repair performed for maintenance or replacement purposes on any existing one (1) or two (2) family dwelling which does not affect room arrangement, light and ventilation, access to or efficiency of any exit stairways or exits, fire protection or exterior aesthetic appearance and which does not increase a given occupancy and use. No building permit is required for work to be performed which is deemed minor repair.
- (6) One (1) or Two (2) Family Dwelling. "A one (1) or two (2) family dwelling" means a building structure which contains one (1) or separate households intended to be used as a home, residence or sleeping place by an individual or by two (2) or more individuals maintaining a common household to the exclusion of all others.
- 7) Person. "Person" means an individual, partnership, firm or corporation.
- 8) Uniform Dwelling Code. "Uniform Dwelling Code" means those Administrative Code Provisions and any future amendments, revisions or modifications thereto, contained in the following chapters of the Wisconsin Administrative Code:
- Wis. Adm. Code Chapter SPS 320 - Administrative and Enforcement
Wis. Adm. Code Chapter SPS 321 -- Construction Standards Wis. Adm.
Code Chapter SPS 322 - Energy Conservation Standards Wis. Adm.
Code Chapter SPS 323 - Heating, Ventilating and Air
Conditioning
Wis. Adm. Code Chapter SPS 324 -- Electrical Standards Wis. Adm. Code
Chapter SPS 325 -- Plumbing and Potable Water Standards
- (d) Method of Enforcement.
- (1) Inspection Powers. An authorized inspection official of the Town may at all reasonable hours enter upon any public or private premises for inspection purposes and may require the production of the permit for any building, plumbing, electrical or heating work. No person shall interfere with or refuse to permit access to any such premises to such inspector while in performance of his/her duties.

SEC. 15-1-4 CONSTRUCTION STANDARDS; CODES ADOPTED.

- (a) Portions of State Building Code Adopted. Chapter SPS 361 Wis. Adm. Code (Wisconsin State Building Code) are hereby adopted and made a part of this Chapter with respect to those classes of buildings to which this Building Code specifically applies. Any future amendments, revisions and modifications of said SPS 361 incorporated herein are intended to be made a part of this Code. A copy of said SPS 361 and amendments thereto shall be kept on file in the office of the Town Clerk.
- (b) State Plumbing Code Adopted. The provisions and regulations of Chapter 145, Wis. Stats., and Wis. Adm. Code Chs. H 81, H 82, H 83 and SPS 381-387 are hereby made a part of this Chapter by reference and shall extend over and govern the installation of all plumbing installed, altered or repaired in the Town. Any further amendments, revisions and modifications of said Wisconsin Statutes and Administrative Code herein are intended to be made part of this Chapter.
- (c) State Electrical Code Adopted.
 - (1) Wis. Adm. Code SPS 316 is hereby adopted by reference and made a part of this Chapter and shall apply to the construction and inspection of new one (1) and two (2) family dwellings and additions or modifications to existing one (1) and two (2) family dwellings.
 - (2) Subject to the exceptions set forth in this Chapter, the Electrical Code, Volume 1, and Rules of Electrical Code, Volume 2, of the Wisconsin Administrative Code are hereby adopted by reference and made a part of this Section and shall apply to all buildings, except those covered in Subsection (1) above.
- (d) Conflicts. If, in the opinion of the Building Inspector and the Town Board, the provisions of the State Building Code adopted by Subsection (a) of this Section shall conflict with the provisions of the Federal Housing Administration standards in their application to any proposed building or structure, the Inspector and/or the Town shall apply the most stringent provisions in determining whether or not the proposed building meets the requirements of this Section.

SEC. 15-1-5 NEW METHODS AND MATERIALS.

- (a) All materials, methods of construction and devices designed for use in buildings or structures covered by this Section and not specifically mentioned in or permitted by this Section shall not be so used until approved in writing by the Wisconsin Department of Safety and Professional Services for use in buildings or structures covered by the Wisconsin State Building Code, except sanitary appliances, which shall be approved in accordance with the State Plumbing Code.
- (b) Such materials, methods of construction and devices, when approved, must be installed or used in strict compliance with the manufacturer's specifications and any rules or conditions of use established by the Department Safety and Professional Services. The data, test and other evidence necessary to prove the merits of such material, method of construction or device shall be determined by the Department of Safety and Professional Services.

SEC. 15-1-6 UNSAFE BUILDINGS.

Whenever the Town Board find any building or part thereof within the Town to be, in its judgment, so old, dilapidated or out of repair as to be dangerous, unsafe, unsanitary or otherwise unfit for human occupancy or use and so that it would be unreasonable to repair the same, they shall order the owner to raze and remove such building or part thereof or, if it can be made safe by repairs, to repair and make safe and sanitary, or to raze and remove at the owner's option. such order and proceedings shall be as provided in Sec. 66.05, Wis. Stats.

SEC. 15-1-7 DISCLAIMER ON INSPECTIONS.

The purpose of the inspections under this Chapter is to improve the quality of housing in the Town of Amberg. The inspections and the reports and findings issued after the inspections are not intended as, nor are they to be construed, as a guarantee. In order to so advise owners and other interested persons, the following disclaimer shall be applicable to all inspections under this Chapter: "These findings of inspection contained herein are intended to report conditions of noncompliance with code standards that are readily apparent at the time of inspection. The inspection does not involve a detailed examination of the mechanical systems or the closed structural and nonstructural elements of the building and premises. No warranty of the operation, use or durability of equipment and materials not specifically cited herein is expressed or implied."

SEC. 15-1-8 REGULATION AND PERMIT FOR RAZING BUILDINGS.

- (a) **Demolition Permit Required.** All persons who demolish or cause to be demolished any structure or part of a structure larger than four hundred (400) square feet within the Town of Amberg shall apply for and obtain a demolition permit from the building inspection prior to undertaking any steps to demolish the structure.
- (b) **Application.** An application for a permit to demolish all or part of a building shall include the following information:
 - (1) The name and address of the owner of the building on date of application and, if different, on date of demolition;
 - (2) The name, address and telephone number of the contractor(s) performing the demolition work;
 - (3) The date upon which demolition is to commence;
 - (4) The date by which demolition shall be complete;
 - (5) A list of all hazardous waste and hazardous and toxic substances (as defined by NR 181.12 and 158.03(4), Wis. Adm. Code as amended from time to time) contained in the building, a statement as to whether the building contains asbestos [as defined by Sec. 140.04(1)(a), Wis. Stats.], and a detailed description of the method to be used in removing, transporting and disposing of any hazardous waste, hazardous and toxic substances, and asbestos;
 - (6) A detailed description of how and where the waste materials resulting from the demolition will be transported and disposed of (including the description of the route to be used by trucks in hauling the waste);

- (7) A description of the method of demolition to be used; and
- (8) A description in detail of all methods to be used to prevent water runoff and soil erosion from the site to neighboring properties and to prevent releasing unreasonable amounts of dust from the site;
- (9) Along with the application for permit for demolition, the applicant shall present a release from all utilities serving the property, stating that their respective service connections and appurtenant equipment such as meters and regulators have been removed or sealed and plugged in a safe manner.
- (c) **Demolition.** The demolition shall be conducted in a manner that is safe and that does not adversely affect the environment.
- (d) **Clearing and Leveling the Site.**
 - (1) The site of any demolition shall be properly cleared of debris, rubbish and pavement and shall be properly graded and leveled to conform with the adjoining grade of the neighboring property; and when so graded and leveled, the site shall be seeded, sodded or treated in same other manner acceptable to the Building Inspector so as to prevent blowing dust, dirt, or sand. Excavations remaining after demolition shall be filled, graded and leveled off, not later than thirty (30) consecutive days after demolition is completed.
 - (2) Excavations from demolished buildings or structures shall not be filled with any materials subject to deterioration. The Building Inspector, upon notification by the permit holder, the owner or his/her agent, in writing and upon forms provided by the Building Inspector for that purpose, shall within seventy-two (72) hours inspect each excavation, or part thereof, before filling any excavation.
 - (3) It shall be unlawful to fill any such excavation without inspection and approval of the Building Inspector. Voids in filled excavations shall not be permitted. In the event of the unavailability of the Building Inspector to conduct an inspection within the seventy-two (72) hours after written notice; the permit holder, owner or his/her agent may retain the services of a certified, qualified municipal inspection service to obtain an opinion that approves filling of the excavation. Said opinion shall be deemed a sufficient approval by the Town provided that a written copy of the opinion is delivered to the Town Clerk at least forty-eight (48) hours before filling of the excavation commences.
- (e) **Removal and Disposal.** Removal, transportation and disposal of all hazardous waste, hazardous and toxic substances, and asbestos shall be conducted in compliance with all applicable state, federal and local statutes, ordinances and regulations. The permit holder shall give the Building Inspector seventy-two (72) hours written notice prior to any removal, transportation or disposal of hazardous waste, hazardous and toxic substances, and asbestos.
- (f) **Miscellaneous Provisions.**
 - (1) A snow fence or other approved barricade shall be provided as soon as any portion of the building is removed and shall remain during razing operations.
 - (2) Razing permits shall lapse and be void unless the work authorized thereby is commenced within six (6) months from the date thereof or completed within thirty (30) days from the date of commencement of said work. Any unfinished portion of work remaining beyond the required thirty (30) days must have special approval from the Building Inspector.

- (3) All debris must be hauled away at the end of each week for the work that was done on that week. No combustible material shall be used for backfill, but shall be hauled away. There shall not be any burning of materials on the site of the razed building.
- (4) If any razing or removal operation under this Section results in, or would likely result in, an excessive amount of dust particles in the air creating a nuisance in the vicinity thereof, the permittee shall take all necessary steps, by use of water spraying or other appropriate means, to eliminate such nuisance.
- (5) The permittee shall take all necessary steps, prior to the razing of a building, through the employment of a qualified person in the field of pest control or by other appropriate means, to treat the building as to prevent the spread and migration of rodents and insects therefrom during and after the razing operations.

SEC. 15-1-9 BASEMENTS; EXCAVATIONS.

- (a) **Basement Subflooring.** First floor subflooring shall be completed within sixty (60) days after the basement is excavated.
- (b) **Closing of Abandoned Excavations.** Any excavation for building purposes or any uncovered foundation which shall remain open for more than three (3) months shall be deemed abandoned and a nuisance and the Building Inspector shall order that unless the erection of the building or structure on the excavation or foundation shall commence or continue forthwith suitable safeguards shall be provided to prevent accidental injury to children or other frequenters or that the excavation or foundation be filled to grade. Such order shall be served upon the owner of record or the owner's agent, where an agent is in charge of the premises, and upon the holder of an encumbrance of record in the manner provided for service of a summons in the circuit court. If the owner or the holder of an encumbrance of record cannot be found, the order may be served by posting it on the premises and make publication in the official newspaper for two (2) consecutive publications at least ten (10) days before the time for compliance stated in the order commences to run. Such time shall be not less than fourteen (14) nor more than twenty (20) days after service. If the owner of the land fails to comply with the order within the time required, the Building Inspector shall cause the excavation or foundation to be filled to grade. The cost of such abatement shall be charged against the real estate and entered on the next succeeding tax roll as a special charge and shall bear interest at a rate established by the Town Board from the date of the report by the Building Inspector on the cost thereof, pursuant to the provisions of Sec. 66.60, Wis. Stats.

SEC. 15-1-10 REGULATIONS FOR MOVING BUILDINGS.

- (a) **General Requirements.**
 - (1) No person shall move any building or structure upon any of the public ways of the Town of Amberg without first obtaining a permit therefor from the Building Inspector and upon the payment of the required fee. Every such permit issued by the Building Inspector for the moving of a building shall designate the route to be taken, the conditions to be complied with and shall limit the time during which said moving operations shall be continued.
 - (2) A report shall be made by Town officials with regard to possible damage to trees. The estimated cost of trimming, removal and replacement of public trees, as determined by the Town, shall be paid to the Town Clerk prior to issuance of the moving permit.
 - (3) Issuance of moving permit shall further be conditioned on approval of the moving route by the Town Board.
- (b) **Moving Damaged Buildings.** No building shall be repaired, altered or moved within or into the Town that has deteriorated or has been damaged by any cause (including such moving and separation from its foundation and service connections in case of moved buildings) fifty percent (50%) or more of its equalized value and no permit shall be granted to repair, alter or move such building within or into the Town. Furthermore, if the equalized assessed value of the building is not within twenty percent (20%) of the surrounding buildings where the building is proposed to be moved to, no permit shall be granted unless the building is improved to be within the twenty percent (20%). Such determination shall be made by the Building Inspector, who may seek a recommendation from the Town Assessor.
- (c) **Continuous Movement.** The movement of buildings shall be a continuous operation during all the hours of the day and at night, until such movement is fully completed. All such operations shall be performed with the least possible obstruction to thoroughfares. No building shall be allowed to remain overnight upon any street crossing or intersection or so near thereto as to prevent easy access to any fire hydrant or any other public facility. Lights shall be kept in conspicuous places at each end of the building during the night.
- (d) **Street Repair.** Every person receiving a permit to move a building shall, within one (1) day after said building reaches its destination, report that fact to the Building Inspector, inspect the streets, highways and roads over which said building has been moved and ascertain their condition. If the removal of said building has caused any damage to any street or highway, the person to whom the permit was issued shall forthwith place them in as good repair as they were before the permit was granted. On the failure of the said permittee to do so within ten (10) days thereafter to the satisfaction of the Town Board, the Town shall repair the damage done to such streets and hold the person obtaining such permit and the sureties on his bond responsible for the payment of same.
- (e) **Conformance with Code.** No permit shall be issued to move a building within or into the Town and to establish it upon a location within the said Town until the Building Inspector has made an investigation of such building at the location from which it is to be moved and is satisfied from such investigation that said building is in a sound and stable condition and of such construction that it will meet the requirements of this Building Code in all respects. A complete plan of all further repairs, improvements and remodeling with reference to such building

shall be submitted to the Building Inspector, and he/she shall make a finding of fact to the effect that all such repairs, improvements and remodeling are in conformity with the requirements of this Building Code and that, when the same are completed, the building as such will so comply with said Building Code. In the event a building is to be moved from the Town to some point outside the boundaries thereof, the provisions with respect to the furnishing of plans and specifications for proposed alterations to such building may be disregarded.

(f) **Bond.**

(1) Before a permit is issued to move any building over any public way in the Town, the party applying therefor shall give a bond to the Town of Amberg in a sum to be fixed by the Building Inspector and which shall not be less than Five Thousand Dollars (\$5,000.00), said bond to be executed by a corporate surety or two (2) personal sureties to be approved by the Town Board or designated agent conditioned upon, among other things, the indemnification to the Town for any costs or expenses incurred by it in connection with any claims for damages to any persons or property, and the payment of any judgment together with the costs and expenses incurred by the Town in connection therewith arising out of the removal of the building for which the permit is issued.

(2) Unless the Building Inspector, upon investigation, shall find it to be a fact that the excavation exposed by the removal of such building from its foundation shall not be so close to a public thoroughfare as to permit the accidental falling therein of travelers or the location, nature and physical characteristics of the premises and the exposed excavation, such as to make intrusion upon the premises and the falling into such excavation of children under twelve (12) years of age unlikely, the bond required by Subsection (e)(1) shall be further conditioned upon the permittee erecting adequate barriers and within forty-eight (48) hours, filling in such excavation or adopting and employing such other means, devices or methods approved by the Building Inspector and reasonably adopted or calculated to prevent the occurrences set forth herein.

(g) **Insurance.** The Building Inspector shall require, in addition to said the said bond above indicated, public liability insurance covering injury to one (1) person in the sum of not less than Five Hundred Thousand Dollars (\$500,000.00) and for one (1) accident, aggregate not less than One Million Dollars (\$1,000,000), together with property damage insurance in a sum not less than Five Hundred Thousand Dollars (\$500,000.00), or such other coverage as deemed necessary.

(h) **Town Board Approval.**

(1) No such permit shall be issued unless it has been found as a fact by the Town Board by at least a majority vote, after an examination of the application for the permit which shall include exterior elevations of the building and accurate photographs of all sides and views of the same and in case it is proposed to alter the exterior of said building, plans and specifications of such proposed alterations and after a view of the building proposed to be moved and of the site at which it is to be located, that the exterior architectural appeal and functional plans of the building to be moved or moved and altered, will not be so at variance with either the exterior architectural appeal and functional plan of the buildings already constructed or in the course of construction in the immediate neighborhood or in the character of the applicable district established by the zoning

ordinances of the Town or any ordinance amendatory thereof or supplementary thereto, as to cause a substantial depreciation of the property values of said neighborhood within said applicable district. In case the applicant proposed to alter the exterior of said building after moving the same, he/she shall submit, with his/her application papers, complete plans and specifications for the proposed alterations. Before a permit shall be issued for a building to be moved and altered, the applicant shall give a cash bond to the Town Board, which shall not be less than Five Thousand Dollars (\$5,000.00) to be executed in the manner provided in subsection hereof to the effect that he will, within a time to be set by the Town Board, complete the proposed exterior alterations to said building in the manner set forth in his/her plans and specifications. This bond shall be in addition to any other bond or surety which may be required by other applicable ordinances of the Town. No occupancy permit shall be issued for said building until the exterior alterations proposed to be made have been completed.

- (2) Upon application being made to the Building Inspector, he/she shall request a meeting of the Town Board to consider application for moving permits which he/she has found comply, in all respects, with all other ordinances of the Town. The Town Board may, if it desires, hear the applicant for the moving permit in question and/or the owner of the lot on which it is proposed to locate the building in question, together with any other persons, either residents or property owners, desiring to be heard, give such notice of hearing as they may deem sufficient. Such hearing may be adjourned for a reasonable length of time and within forty-eight (48) hours after the close of the hearing, the Town Board shall, in writing, make or refuse to make the finding required by Subsection (8) hereof and file it in the office of Town Clerk who shall send a copy of it to the Building Inspector.

SEC. 15-1-11 FEES.

- (a) **Fees.** The fee for a building, moving or razing permit shall be Ten Dollars (\$10.00).
- (b) **No Penalty Permit.** In the event work is commenced prior to obtaining a building permit, all fees shall be doubled.

SEC. 15-1-12 GENERAL CONSTRUCTION STANDARDS.

- (a) **Set Backs.** For the purpose of determining the distance buildings and other structures shall be set back from streets and highways, the highways of the Town of Amberg are divided into the following classes.
 - (1) Class C Highways.
 - a. All Town roads, public streets, and highways not otherwise classified are hereby designated Class C highways.
 - b. The set back from Class C highways shall be sixty-three (63) feet from the center line of such highway or thirty (30) feet from the right-of-way line, whichever is greater.

- (2) Class B Highways.
 - a. All county trunk highways are hereby designated as Class B highways. For the purpose of this Chapter any road will be considered as a county trunk highway after it has been placed on the county trunk system by the County Board and approved by the Highway Commission.
 - b. The setback from Class B highways shall be seventy-five (75) feet from the center line of such highway or forty-two (42) feet from the right-of-way line, whichever is greater.
- (3) Class A Highways.
 - a. All State and Federal highways are hereby designated as Class A highways.
 - b. The setback from Class A highways shall be one hundred ten (110) feet from the center line of the highway or fifty (50) feet from the right-of-way line, whichever is greater.
- (4) Reduced Highway Setbacks. A setback less than the setback required for the appropriate class of highway shall be permitted where there are
 - a. At least five (5) existing main buildings on the same side of the road within five (5) hundred (500) feet of the proposed site that are built to less than the required setback. In such case the setback shall be the average of the nearest main building on each side of the proposed site or if there is no building on one (1) side, the average of the setback for the main building on one (1) side and the setback required for the appropriate class of highway.
 - b. Additions to buildings with reduced setbacks whether grand fathered, permitted, or with a variance, the setback shall be the average of the main building and the required setback for the appropriate class of highway.
 - c. Grand fathered, permitted, or buildings with a variance, damaged or destroyed by wind, fire, or other disaster may be rebuilt in the same location.
- (b) Side Yards. Side yards shall be at least eight (8) feet on both sides of the building, with an aggregate of sixteen (16) feet between buildings. Except in the town center area, where set backs will be 3 feet with an aggregate 6 feet between buildings.
- (e) Town Center Area. Is the area having it's western boundary the section line between section 15 and 16 T.35N.-R.20E. It's northern boundary Dow Dam Road, Hinsdale Avenue, Dutton Avenue, Vine Street, Then along the north line of Parcel #002-01874.002 out to Hwy141. It's South boundary County V, Grant Street, Bell Avenue, Dutton Avenue, up to and along the north boundary of parcel # 002-01904.000, Spencer Avenue, Along to the north boundary of parcel #002-01933.000 out to Hwy 141. It's East boundary Hwy 141. See map on next page.
- (d) Dwelling. Mobile homes and all structures, permanently affixed to the real estate and used for year around or seasonal living.

SEC. 15-1-13 PENALTIES AND VIOLATIONS.

- (a) Any building or structure hereafter erected, enlarged, altered or repaired or any use hereafter established in violation of the provisions of this Chapter shall be deemed an unlawful building, structure or use. The Building Inspector shall promptly report all such violations to the Town Board and Town Attorney who shall bring an action to enjoin the erection, enlargement, alteration, repair or moving of such building or structure or the establishment of such use of buildings in violation of this Chapter or to cause such building, structure or use to be removed and may also be subject to a penalty as provided in general penalty provisions of the Code of Ordinances. In any such action, the fact that a permit was issued shall not constitute a defense, nor shall any error, oversight or dereliction of duty on the part of the Building Inspector or other Town officials constitute a defense. Compliance with the provisions of this Chapter may also be enforced by injunctinal order at the suit of the owner or owners of any real estate within the jurisdiction of this Chapter.

- (b) (1) If an inspection reveals a noncompliance with this Chapter or the Uniform Dwelling Code, the Building Inspector shall notify the applicant and the owner, in writing, of the violation to be corrected. All cited violations shall be corrected within thirty (30) days after written notification unless an extension of time is granted pursuant to Sec. SPS 320.10(l)(c), Wis. Adm. Code.
- (2) If after written notification, the violation is not corrected within thirty (30) days, a stop-work order may be served on the owner or his or her representative and a copy thereof shall be posted at the construction site. Such stop-work order shall not be removed except by written notice of the Building Inspector after satisfactory evidence has been supplied that the cited violation has been corrected.
- (3) Each day each violation continues after thirty (30) day written notice period has run shall constitute a separate offence. Nothing in this chapter shall preclude the Town from maintaining any appropriate action to prevent or remove a violation of any provision of this chapter or the Uniform Dwelling Code.
- (4) If any construction or work governed by the provisions of this chapter or the Uniform Dwelling Code is commenced prior to the issuance of a permit, double fees shall be charged.
- (c) Any person feeling aggrieved by an order or a determination of the Building Inspector may appeal from such order or determination to the Board of Appeals. Those procedures customarily used to effectuate an appeal to the Board of Appeals shall apply.
- (d) Except as may otherwise be provided by the Statute or Ordinance no officer, agent or employee of the Town of Amberg charged with the enforcement of this chapter shall render himself personally liable for any damage that may accrue to persons or property as a result of any act required or permitted in the discharge of his/her duties under this Chapter. Any suit brought against any officer, agent or employee of the Town as a result of any act required or permitted in the discharge of his/her duties under this chapter shall be defended by the legal representative of the Town until the final determination of the proceedings therein.
