

COVER YOUR LOAD!

New State Law Takes Effect May 7, 2025

WHAT YOU NEED TO KNOW

- Every load must be securely covered (like with a tarp) from the start of your trip until it's unloaded at the landfill.
- Applies to all vehicles — personal, business, and commercial.

STARTING SEPTEMBER 1, 2025

- \$15 fine for uncovered loads at landfills. Repeat violations may face higher penalties.
- It's the law. Not a facility rule — this is a Utah state mandate (H.B. 53, 2025 Session).

WHY THIS LAW WAS PASSED

- Loose trash from vehicles causes roadside litter, harms wildlife, and creates safety hazards.
- Let's work together to keep Utah beautiful!
