# No LMS? Share a Kami Doc with a QR Code or Link

Step 1: Click **Share**, then upload using **Kami Cloud** if you're not using Google Drive or OneDrive

Step 2: Select your **Sharing Permission** and click **Feature Control**

Step 3: Select the tools you'd like your students to have access to and choose **Confirm**

Step 4: Share the **QR code** or **Kami doc link** with students

Try it out:

Challenge: Choose **any template** from the **Learn Kami** section in the **Kami Library**, then **share** it with your students using a **QR code** or **link**.

Use the 😊 **Sticker Tool** and add a sticker next to each step as you complete it:

I found a template in the **Learn Kami** section in the Kami Library

I shared the activity using a **QR code** or **link**
