Tip: Use any of the Comment tools to answer this reflection question in the yellow block:

How did changing colours and font sizes help you express your ideas more clearly?

Challenge 1:

Explore how to add text and use the text formatting toolbar

Task 1: Add and Format Text

- Add a **Text Box**, and type your name.
- Change the text colour to green.
- Set the font size to 30 px

Task 2: Use Custom Colours

- Add another **Text Box** and choose a custom colour from the colour palette (not a preset colour)
- Set the font size to 60 px and type your birthday (month and day):

The Text Box Tool

Tip: Use any of the Comment tools to answer this reflection question in the yellow block:

How did exploring the Text Box Tool help you feel more confident using Kami?

Challenge 2:

Explore the different features of the text formatting menu

Task 3: Multi-Colour Design

- Using the colour palette, change each letter in the word Kami below so every letter is a different colour
- Then change the font size of each letter so each one has a different size:

Task 4: Match Formatting Icons

Draw a line connecting each **formatting icon** to a description of what it changes in the text:

- Underline text
- Change the color
- Add emojis
- Link a website to text
- Add bullet points
- Voice Typing
- Align text to the left, middle or right
