

Digital Artwork Gallery Annotation & Reflection Activity

Digital Gallery Instructions

Artwork Annotation and Reflection:

Snap some super clear pictures of your drawings!

Put those pictures on these pages and use the annotation tools to add labels, arrows, and fun shapes to show off your artwork details.

Don't forget to give your masterpiece a cool title! Think about what makes it special, and write a nice and descriptive title for each piece.

Now, let's talk about your amazing artwork! Use your voice to tell us about it. For each of these topics, create a new recording on the page with the image.

Cool Techniques:

How did you make your artwork look so awesome?

Message in Your Artwork:

Is there a story or a feeling you wanted to share?

Favorite Part:

What's the part of your artwork that you like the most?
Is there a special detail that you're proud of?

How It Makes You Feel:

How do you feel when you look at your finished artwork?
Does it make you feel happy, excited, or calm?
