Annotation Summary

Why It's Valuable:
The **Annotation Summary** helps teachers and students quickly **track feedback** and see **who contributed** what.

Step 2:
Click the ⬭ **Annotation Summary** icon

**Step 1:**
Click on the 🗄 **Annotation Bank** icon

Task:
Take a **screenshot** of a meaningful annotation from the **Annotation Summary** and insert it using the 🖼 **Add Media Tool**.

Add **one short note** explaining why that annotation is meaningful. Use the 💬 **Comment Tool** to answer in the yellow block on the right:

Step 3:
See and access every annotation:
Each annotation shows **who** added it and **when**, and clicking on any item in the list will **highlight** that annotation directly on the page

Task 2: Use Custom Colors
- Add another **Text Box** and choose a custom color from the color palette (not a preset color)
- Set the font size to 60 px and type your birthday (month and day):

Tip: Use any of the Comment tools to answer this reflection question in the yellow block:

How did changing colors and font sizes help you express your ideas more clearly?
