While your map generates, you will see this screen. It usually takes 1 to 5 minutes to generate your maps. You can wait for it to finish, or use the link that will be emailed to you.

Generating a PDF of your TSL Map

This may take a few minutes. You can wait for a link to your map here, but you will also receive a link sent to your email when it is completed.

If you waited for the map to generate, your download link will be presented on your screen like the image below.

| Name	Type	Compressed size	Password ...	Size	Ratio	Date modified
Attachers.txt	Text Document	4 KB	No	40 KB	91%	11/10/2014 3:36 PM
TSL_Maps.pdf	Adobe Acrobat Document	3,821 KB	No	3,880 KB	2%	11/10/2014 3:36 PM

Your downloaded zip file will contain two files. The TSL_Maps.pdf will be your printable maps. The Attachers.txt will list the attachers that PPL has on record for PPL owned poles.

2 items

A1

B1

Multi-page TSL maps will start with a keymap. Each map has its pages numbered like a spreadsheet, A1 will be the top left, and Z99 would be the bottom right.

All the pages necessary for your TSL map will be included in the pdf. All the 'A' pages will be listed first, then all the 'B' pages, then all the 'C' pages, etc...
