Admissions Policy

The fundamental objective of the Admissions Committee at IUJ is to admit to our graduate programs as many of the most competent students as possible, limited by the number of places available in each school (see below).

In order to select the most competent students, the committee will review all the applicants individually based on several criteria listed below, through interviews (domestic applicants) and/or documentary screening. IUJ does not use a predetermined formula for rating the content of undergraduate education, nor does it use quotas based on nationality, age, or gender.

[Graduate School of International Relations]

The purpose of the GSIR screening is to find applicants who can contribute to creating a stimulating academic environment for studying important practical policy issues, especially those related to enhancing understanding among different cultures and nations, increased economic performance, good governance, establishing peace and improving living conditions throughout the world.

Eligible applicants who meet one of the minimum qualifications described above will be reviewed on the basis of the following criteria:

1. Well-defined motivation to pursue graduate studies; clear research and/or career goals which IUJ can support
2. Demonstrated scholastic achievement at the undergraduate level
3. Aptitude and potential to become a leader who can significantly contribute to and/or manage increasingly globalizing organizations
4. Maturity for a demanding academic experience
5. Fair sense of values to be able to become a member of our multinational and multicultural IUJ community with an interest in understanding different cultures, drive to actively communicating with others, and desire to create a world-wide human network
6. Applicants' skills in written and spoken English are a vital point to be evaluated as all the courses at IUJ are taught in English.

Number of Students and Time of Enrollment

Type of Applicants

IUJ receives applications from two groups:

Domestic Applicants (residents of Japan, regardless of nationality. "Resident" means Japanese passport holders who are living in Japan through the Admissions deadlines, or those holding a non-Japanese passport but have a Residence Card or Special Permanent Resident Certificate), and

International Applicants (residents of countries other than Japan, regardless of nationality. This implies: Japanese nationals with residential permissions in a 2nd country and who are living in that country through the Application/Admissions process; or non-Japanese with no status in Japan through the Application/Admissions)

Admissions guidelines and fees are slightly different for domestic and international applicants.

Number of Students

The GSIR will admit up to 110 students for its 5 programs per year.

The GSIM will admit up to 75 students for its 4 programs per year.

Time of Enrollment

Fall Term (beginning of September of each year) in principle

Decision Cycles and Admission Schedules

For Domestic Applicants:

It is mandatory for residents of Japan to sit for an online exam (an interview for all applicants and a math test for GSIM applicants who do not have GMAT/GRE scores) conducted by IUJ faculty members in English. Each program offers several opportunities for admission interviews throughout the selection cycle. These online interviews are scheduled between February and June. IUJ bases each applicant's admission decision on evaluation of the interview, test results, and application materials submitted. Applicants will be notified of the results according to the Admission's Schedule (See "Admission Schedules").

Exam Site: Online

Applicants will be informed of details relevant to the entrance examination after submission of the online application.

For International Applicants:

International applicants should submit all required documents online by the stated deadline. Incomplete applications and applications received after the deadline will not be considered. Document screening will be conducted immediately following the application deadline(s). The decision whether or not to admit a candidate will be based on evaluation of all the required documents submitted and the entrance exam. Those applicants who choose to take an IUJ Math test need to be interviewed after the test. The Math test and Interview will be arranged individually after the application deadline(s).

English Test Exemption Policy

Those who fall under one of the following categories are exempted from submitting an English Test score (TOEFL, IELTS or TOEIC):

Students who fall under Category 2 or 3 must submit an evidence that the medium of instruction at the undergraduate or graduate university was (is) English.

Note: We are aware there are other countries where English is one of the official languages, and that other countries' schools may be conducted in English. However, IUJ policies do not include them. All others are required to submit a TOEFL, IELTS or TOEIC as part of their application documents.

Priority will be given in the admissions process to applicants who have at least the following English scores:

TOEFL: Paper-based exam	550

Note on IUJ English Class Exemptions

Please be aware that on-campus English exemption tests will be administered in late September for the purpose of deciding which new students need to enroll in English classes offered in regular terms. Information concerning which new students are exempted from these on-campus tests is contained in the document, 'English Exemption Policies for IR & IM Students,' which is included in the packet of documents sent to all admitted students.

Application for Scholarship

Several scholarships are available through IUJ for highly qualified non-sponsored students. IUJ selects scholarship candidates from the pool of successful applicants at the time of admissions decisions. Those requiring financial support must fill in the required online section in the 2nd phase of the online application process. Those without any financial support needs should indicate that you are not applying for a scholarship in that section.

For Japanese Applicants

IUJ grants S. Nakayama Memorial Scholarships to qualified Japanese applicants. To be considered for this scholarship, complete the online application form in the 2nd phase of the online system.

For more details, please refer to the IUJ Scholarship Guidelines for Japanese Applicants.

For Non-Japanese Applicants

IUJ grants S. Nakayama Memorial Scholarships to qualified non-Japanese applicants. All non-sponsored applicants are eligible to apply for this scholarship. IUJ also recommends qualified Non-Japanese applicants to scholarship programs provided by our affiliated organizations such as MEXT, ADB, JERA, Mitsui, etc. To be considered for such scholarships, complete the online application form in the 2nd phase of the online system.

For more details, please refer to the “**IUJ Scholarship Guidelines for Non-Japanese Applicants**” on the website at <https://www.iuj.ac.jp/admis/scholarship/>

Applicants are strongly encouraged to seek alternative sources of funding on their own, as not all those admitted to IUJ programs can be supported through IUJ administered processes.

Financial planning is especially important for non-Japanese applicants in obtaining a Certificate of Eligibility (CE) needed to obtain a Student Visa. You will be required to prove to the consular officer and the Japanese Ministry of Justice that you have sufficient funds to cover expenses for study in Japan, such as the university's tuition and fees and living expenses (housing, food, clothing, etc.).

Notes:

- Recipients of any scholarships obtained through IUJ including the S. Nakayama Memorial Scholarship must have a Student Visa.
- Results of external scholarship selections are not available to IUJ until after mid-March or later each year. Moreover, non-Japanese applicants who are recommended by IUJ to an external scholarship foundation for consideration need to complete a separate application process (The Admissions staff will guide you on a timely manner) and wait for the final decision which can take until the middle of July.
- Application for scholarships does not affect IUJ's consideration of a student's application for admissions.
- If you do not submit a scholarship application, you will not be considered for any scholarships.
- Deadlines for scholarship applications are the same as admission application deadlines. A scholarship application must be submitted online along with the complete set of application materials for admission.
- There are no chances to apply for financial aid to cover tuition after entering IUJ. Students may have an opportunity to apply for some scholarships that cover only partial living expenses after enrollment, such as the JASSO Scholarship. The selection process is competitive.

Application Acknowledgment

As IUJ receives your completed online application forms, and other required application materials/test scores and supporting documentation, IUJ will send you acknowledgment messages explaining your application status, usually by email. The acknowledgement will contain the same unique application ID number you were given when you started your application online.

We ask you, too, to use your Application ID number in all correspondence you may make with IUJ to help us identify you and provide timely support.

Admissions Results

You can confirm your admission result online with your online application account on the dates of announcement of admissions results listed in the table on the previous page. For successful applicants, we will send the admission package by email to each applicant. Admission decisions cannot be released by telephone, in principle.

Announced decisions are final. IUJ will not respond to any inquiries about unsuccessful results.

Admission Procedures

Successful applicants will be requested to inform us of their intention to enroll, and will be asked to submit some additional documents and pay the Admissions Fee. Only those who complete the admission procedures will be issued an official LETTER OF ADMISSIONS. This letter, along with a Certificate of Eligibility which IUJ will help you obtain, is used to apply for your Student Visa from the applicant's local Japanese embassy or consulate. Please note that a student visa will be required to receive any scholarships through IUJ. Those who fail to complete these procedures will be considered to have declined IUJ admissions. **Deferred admission is not offered at IUJ.**

Protection of Personal Information

All personal information that IUJ obtains from applicants will be used solely for the purpose of admission screening and the student registration process in subsequent admission procedures. All application information and supporting documents provided by applicants will remain confidential and will not be released to any third party without prior permission of the applicants.
