

Keeping kencko foods safe and natural

✓ Ingredients we love

We are dedicated to helping you get more fruits and vegetables into your daily routine, by supplying them in convenient formats that are as close to whole, fresh plants as possible.

Our manufacturing processes are designed to create safe, shelf-stable foods without any artificial additives. We only include natural ingredients from 100% plant sources, and all the colors, flavors and nutrients in our products come from these.

You'll find freeze-dried organic fruits, vegetables, seeds, herbs and spices in our smoothies, and organic fruit juices and fruit purees in our gumdrops - and that's it.

✗ Ingredients we reject

Here's a full list of all the ingredients we screen for and exclude from our products.

Added Sugars

- Agave Nectar/Syrup
- Barley malt
- Blackstrap molasses
- Brown rice syrup
- Cane juice crystals
- Caramel
- Carob syrup
- Coconut sugar
- Confectioner's sugar (powdered sugar)
- Corn syrup
- Corn syrup solids
- Demerara sugar
- Dextrose
- Evaporated cane juice
- Florida crystals
- Fructose
- Galactose
- Glucose
- Glucose syrup solids
- Golden syrup
- High-fructose corn syrup
- Honey
- Lactose
- Malt syrup
- Maltodextrin
- Maltose
- Maple syrup
- Muscovado sugar
- Refiner's syrup
- Sorghum syrup
- Sucrose
- Turbinado sugar

Anti-Caking Agents

- Calcium silicate
- Iron ammonium citrate
- Silicon dioxide

Artificial Sweeteners

- Acesulfame Potassium
- Advantame
- Aspartame
- Cyclamate
- Erythritol
- Glycerol
- Glycyrrhizin
- Hydrogenated Starch Hydrolysate
- Isomalt
- Lactitol
- Maltitol
- Mannitol
- Neotame
- Polydextrose
- Saccharin
- Sorbitol
- Sucralose
- Tagatose
- Xylitol

Coloring Agents

- Annatto extract
- Caramel color
- Citrus Red No. 2
- Cochineal extract or carmine
- FD&C Blue Nos. 1 and 2
- FD&C Green No. 3
- FD&C Red Nos. 3 and 40

FD&C Yellow Nos. 5 and 6

- Orange B
- Paprika oleoresin

Emulsifiers

- Diglycerides
- Egg yolks
- Monoglycerides
- Polysorbates
- Sorbitan monostearate
- Soy lecithin

Fat Replacers

- Carrageenan
- Cellulose gel
- Microparticulated protein
- Modified food starch
- Olestra
- Polydextrose
- Whey protein concentrate

Firming Agents

- Calcium chloride
- Calcium lactate

Flavor Enhancers

- Autolyzed yeast extract
- Disodium guanylate
- Hydrolyzed soy protein
- Monosodium glutamate (MSG)

Nutritional Additives

- Calciferol
- Calcium Bromate
- Dipotassium Phosphate
- Disodium Phosphate
- Iodine
- Niacin/Nicotinic Acid
- Potassium Bromate
- Sodium Benzoate
- Sodium Nitrite
- Thiamin

Preservatives

- BHA, BHT, EDTA
- Calcium propionate
- Calcium sorbate
- Potassium sorbate
- Sodium benzoate
- Sodium erythorbate
- Sodium nitrite

Stabilizers, Thickeners, Binders, Texturizers

- Acacia gum
- Agar agar
- Arrowroot
- Carrageenan
- Cellulose gum
- Gelatin
- Gellan gum
- Guar gum
- Locust bean gum
- Tara gum
- Xanthan gum
