

Educator Training

Workshop Facilitation

KidWind has facilitated over 1,000 in-person workshops over the years. Our data shows that 83% of teachers who attend a KidWind workshop try out these new materials in their classrooms. These trainings broaden educators' knowledge of renewables, explore project-based pedagogies, and provide details about participating in the KidWind Challenge. In addition, we give out hundreds of dollars worth of clean energy classroom materials and kits at these trainings.

Funding in support of one workshop facilitation will allow for the following:

Planning and facilitating one half day or full day virtual or in-person for 20 educators exploring clean energy project-based curriculum and pedagogies.

Distribution of solar and/or wind starter kits and other classroom materials to each teacher

Virtual Workshop Budget: **\$4,000-\$4,500**

***Budget based on 20 teachers and 1 workshop facilitator*

Item	Cost	Cost Breakdown	Details
Kit Distribution	\$2,000	\$150 per kit, 20 students	Wind and/or solar starter kits, plus activity guides, for each teacher
Workshop Facilitation	\$375-\$1,500	Costs range depending on the length and type of facilitator hosting the workshop.	Workshops range from 3-6 hours of virtual facilitation and 2-4 hour of planning for each facilitator at the following rates: Regional REcharge Instructor - \$75/hour; Senior REcharge Instructor - \$100/hour; KidWind Director -\$150/hour
Administrative Support	\$350	1st place: \$150; 2nd place: \$100; 3rd place: \$50	Our team will coordinate the workshop, including: assigning facilitators, managing registrations and shipping kits, setting up hosting platform, compiling reports and evaluations, and general communication.

In-Person Workshop Budget: **\$7,400-\$7,800**

***Budget based on 20 teachers*
