

FILL IN THE BLANKS

In King Solomon's dream, God said that he can ask for anything. Instead of riches and long life, King Solomon asked for wisdom so that he could make the right decisions in life. Fill in the blanks below with this week's Bible verse which talks about finding wisdom. Then, decorate this activity.

IMPARTATION DREAM

King Solomon asked for and received wisdom from God in a dream. When we receive something from God in a dream, it is called an 'impartation dream'. If you have had this type of dream before, draw it here, or draw the things you would like God to impart to you in a dream. Some ideas could be wisdom, God-ideas, songs of praise, discernment, prophesy, or answers. Then, pray and surrender it to Father God!
