TEAM ROPING PRIZEMONEY PAYOUTS

To calculate your prize money payout figure:-

- a) Add up the number of competitors that competed and paid entry fees (do not include medical outs)
- b) Multiply the number of competitors above by the added back amount
- c) Add the advertised prize money (amount put up by the Committee).
- d) This is the total Prize money

Added Back and GST

If your committee is GST registered the GST on the added back does not get paid out, e.g. \$44.00 ad back, calculation would be \$40.00 ad back x 10 competitors = \$400 ad back to be paid out. All Prizemoney Pay-outs are inclusive of GST where applicable.

The total determines how many placing's you are required to pay to, as set out below:-

Payout per round

\$300 - \$500 3 ways Please record the name of the 4th and 5th placegetter on payout sheet for point purposes

\$501 - \$1500 4 ways Please record the name of the 5th placegetter on payout sheet for point purposes

\$1501 + 5 ways

Above applies only to Team Roping

After determining how many ways to split total prize money, please payout using the following percentages:-

One-way	100%
Two way	60%, 40%
Three way	50%, 30%, 20%
Four way	40%, 30%, 20%, 10%
Five way	37%, 27%, 19%, 10%, 7%
